Tremors Anita Amirrezvani,Persis Karim,2013-02-01 This groundbreaking anthology brings together twenty seven authors from a wide range of experiences that offer new perspectives on the Iranian American story The authors in Tremors represent the maturing voice of Iranian American fiction from the vantage point of those who were born and raised in Iran as well as those writers who reflect a more distant but still important connection to their Iranian heritage Altogether these narratives capture the diversity of the Iranian diaspora and complicate the often narrow view of Iranian culture represented in the media The stories and novel excerpts explore the deeply human experiences of one of the newest immigrant groups to the United States in its attempts to adjust and assimilate in the face of major historical upheavals such as the 1979 Iranian revolution the hostage crisis and the attacks of September 11 2001 The stories set in Iran testify to the resilience dignity and humor of a people rich in history and culture
