Third Series** Library of Congress. Copyright Office,1968 Includes Part 1 Number 2 Books and Pamphlets Including Serials and Contributions to Periodicals July December

**"Daddy's Gone to War"** William M. Tuttle Jr.,1993-09-16 Looking out a second story window of her family s quarters at the Pearl Harbor naval base on December 7 1941 eleven year old Jackie Smith could see not only the Rising Sun insignias on the wings of attacking Japanese bombers but the faces of the pilots inside Most American children on the home front during the Second World War saw the enemy only in newsreels and the pages of Life Magazine but from Pearl Harbor on the war with its blackouts air raids and government rationing became a dramatic presence in all of their lives Thirty million Americans relocated 3 700 000 homemakers entered the labor force sparking a national debate over working mothers and latchkey children and millions of enlisted fathers and older brothers suddenly disappeared overseas or to far off army bases By the end of the war 180 000 American children had lost their fathers In Daddy s Gone to War William M Tuttle Jr offers a fascinating and often poignant exploration of wartime America and one of generation s odyssey from childhood to middle age The voices of the home front children are vividly present in excerpts from the 2 500 letters Tuttle solicited from men and women across the country who are now in their fifties and sixties From scrap collection drives and Saturday matinees to the atomic bomb and V J Day here is the Second World War through the eyes of America s children Women relive the frustration of always having to play nurses in neighborhood war games and men remember being both afraid and eager to grow up and go to war themselves Not all were willing to wait Tuttle tells of one twelve year old boy who strode into an Arizona recruiting office and declared I don t need my mother s consent I m a midget Former home front children recall as though it were yesterday the pain of saying good bye perhaps forever to an enlisting father posted overseas and the sometimes equally unsettling experience of a long absent father s return A pioneering effort to reinvent the way we look at history and childhood Daddy s Gone to War views the experiences of ordinary children through the lens of developmental psychology Tuttle argues that the Second World War left an indelible imprint on the dreams and nightmares of an American generation not only in childhood but in adulthood as well Drawing on his wide ranging research he makes the case that America s

wartime belief in democracy and its rightful leadership of the Free World as well as its assumptions about marriage and the family and the need to get ahead remained largely unchallenged until the tumultuous years of the Kennedy assassination Vietnam and Watergate As the hopes and expectations of the home front children changed so did their country's In telling the story of a generation Tuttle provides a vital missing piece of American cultural history [Video Games as Art](#) Frank G. Bosman, Archibald L.H.M. van Wieringen, 2022-11-07 Video games are a relative late arrival on the cultural stage While the academic discipline of game studies has evolved quickly since the nineties of the last century the academia is only beginning to grasp the intellectual philosophical aesthetical and existential potency of the new medium The same applies to the question whether video games are or are not art in and on themselves Based on the Communication Oriented Analysis the authors assess the plausibility of games as art and define the domains associated with this question [Radicalism In The Contemporary Age, Volume 1](#) Seweryn Bialer, Sophia Sluzar, 2019-08-16 This volume Sources of Contemporary Radicalism begins with Seweryn Bialer's examination of the definitional aspects of radicalism as well as with the identification of specific contemporary sources of the radical impulse and the social groups that are the carriers of radicalism within society In the next two chapters Seymour Lipset and Stanley Rothman consider the case of the United States Lipset asks anew the question posed by Werner Sombart at the beginning of this century Why is there no socialism in the United States From the perspective of a century of literature addressed to this question he provides his own critique and explanation Rothman considers the relatively new phenomenon of student radicalism in the United States and on the basis of interviews with student activists and results of tests they agreed to take he offers hypotheses concerning their psychological motivation Sidney Tarrow's chapter presents a comparison and contrast of the societal sources contributing to the growth of radical movements in post World War II France and Italy Henry Landsberger in his chapter concentrates on one societal group the peasantry Landsberger addresses the methodological issue that arises in defining peasant discontent as radicalism and examines what it is that provides a new dimension to peasant discontent in modern times In the final chapter William Overholt presents a valuable interpretative survey of the literature on radicalism *Margaret Mead* Nancy C. Lutkehaus, 2018-06-26 Never doubt that a small group of thoughtful committed citizens can change the world Margaret Mead This quotation found on posters and bumper stickers and adopted as the motto for hundreds of organizations worldwide speaks to the global influence and legacy of the American anthropologist Margaret Mead 1901-78 In this insightful and revealing book Nancy Lutkehaus explains how and why Mead became the best known anthropologist and female public intellectual in twentieth century America Using photographs films television appearances and materials from newspapers magazines and scholarly journals Lutkehaus explores the ways in which Mead became an American cultural heroine Identifying four key images associated with her the New Woman the Anthropologist Adventurer the Scientist and the Public Intellectual Lutkehaus examines the various meanings that different segments of American society assigned to Mead

throughout her lengthy career as a public figure The author shows that Mead came to represent a new set of values and ideas about women non Western peoples culture and America s role in the twentieth century that have significantly transformed society and become generally accepted today Lutkehaus also considers why there has been no other anthropologist since Mead to become as famous Margaret Mead is an engaging look at how one woman s life and accomplishments resonated with the issues that shaped American society and changed her into a celebrity and cultural icon

Video Games and Storytelling Souvik Mukherjee,2015-09-15 The potential of video games as storytelling media and the deep involvement that players feel when they are part of the story needs to be analysed vis vis other narrative media This book underscores the importance of video games as narratives and offers a framework for analysing the many ended stories that often redefine real and virtual lives

**You Never Call! You Never Write!** Joyce Antler,2007-04-02 In You Never Call You Never Write Joyce Antler provides an illuminating and often amusing history of one of the best known figures in popular culture the Jewish Mother Whether drawn as self sacrificing or manipulative in countless films novels radio and television programs stand up comedy and psychological and historical studies she appears as a colossal figure intensely involved in the lives of her children Antler traces the odyssey of this compelling personality through decades of American culture She reminds us of a time when Jewish mothers were admired for their tenacity and nurturance as in the early twentieth century image of the Yiddishe Mama a sentimental figure popularized by entertainers such as George Jessel Al Jolson and Sophie Tucker and especially by Gertrude Berg whose amazingly successful Molly Goldberg ruled American radio and television for over 25 years Antler explains the transformation of this Jewish Mother into a brassy voiced smothering and shrewish scourge in Irving Howe s words detailing many variations on this negative theme from Philip Roth s Portnoy s Complaint and Woody Allen s Oedipus Wrecks to television shows such as The Nanny Seinfeld and Will and Grace But she also uncovers a new counter narrative leading feminist scholars and stand up comediennes to see the Jewish Mother in positive terms Continually revised and reinvented the Jewish Mother becomes in Antler s expert hands a unique lens with which to examine vital concerns of American Jews and the culture at large A joy to read You Never Call You Never Write will delight anyone who has ever known or been nurtured by a Jewish Mother and it will be a special source of insight for modern parents As Antler suggests in many ways we are all Jewish Mothers today

American Exceptionalism and the Remains of Race Edmund Fong,2014-07-11 In contemporary American political culture claims of American exceptionalism and anxieties over its prospects have resurged as an overarching theme in national political discourse Yet never very far from such debates lie animating fears associated with race Fears about the loss of national unity and trust often draw attention to looming changes in the racial demographics of the body politic Lost amid these debates are often the more complex legacies of racial hybridity Anxieties over the disintegration of the fabric of American national identity likewise forget not just how they echo past fears of subversive racial and cultural difference but also exorcise as well the changing nature of work and social interaction

Edmund Fong's book examines the rise and resurgence of contemporary forms of American exceptionalism as they have emerged out of contentious debates over cultural pluralism and multicultural diversity in the past two decades. For a brief time serious considerations of the force of multiculturalism entered into a variety of philosophical and policy debates. But in the American context these debates often led to a reaffirmation of some variant of American exceptionalism with the consequent exorcism of race within the avowed norms and policy goals of American politics. Fong explores how this multicultural exorcism revitalizing American exceptionalism is not simply a novel feature of our contemporary political moment but is instead a recurrent dynamic across the history of American political discourse. By situating contemporary discourse on cultural pluralism within the larger frame of American history, this book yields insight into the production of hegemonic forms of American exceptionalism and how race continues to haunt the contours of American national identity.

**Monsters in the Mirror** Sara Buttsworth, Maartje Abbenhuis, 2010-08-31 This collection provides readers with a comprehensive overview of postwar representations of Nazism in popular culture, documenting and critiquing their enormous impact and importance. From Charlie Chaplin's *The Great Dictator* to the depiction of Nazis in *The Raiders of the Lost Ark* to other various literature, comic books, video games, television programs, and pop music, Nazism has maintained a constant presence in popular culture after World War II. Why are representations of Nazism, which are often used to depict the ultimate expression of human evil, so entrenched in our culture? Each chapter in this book examines this multifaceted topic from different angles, highlighting the different incidences of Nazistic representations in the post-1945 period. The diverse subject matter in this text ranges from analysis of recent historical novels to the music of the neo-folk movement to fetishes and pornography. Readers will gain insight on how the imagery and symbology of Nazism in popular culture has changed over time and understand how the disconnect between representations of Nazism and the historical record have developed, particularly with regard to the genocide that resulted from Nazi politics.

Inside Looking Out Gary Edward Polster, 1990 The Cleveland Jewish Orphan Asylum was for fifty years, 1868-1918, the home for some 3,500 boys and girls, most of them immigrants from Eastern Europe. Gary Polster's study examines the efforts of the more acculturated German Jews of Cleveland to Americanize and make good workers of the newcomers and to teach a Judaism quite removed from the Yiddish culture and religious orthodoxy of Eastern Europe. The dominant figure at the asylum during the formative years was Samuel Wolfenstein, 1841-1921, a native of Moravia who by the age of 22 had earned both a rabbinical degree and a Ph.D. in philosophy. He became a trustee of the JOA in 1875 and its superintendent in 1878. For a man who gained a reputation as an authoritarian, his first wish was to free the children from a lock-step regimentation which produced an institutional type marked by repression, if not atrophy of the impulse to act independently. Wolfenstein stressed obedience through persuasion through religion, Reform Judaism, and moral exhortations. Students were to be imbued with respect for work through performing useful tasks: the boys in the stables and on the grounds, the girls in the kitchen, the laundry, and the sewing room.

The idea of assimilation was necessarily paternalistic but many of the German Jews believed that by becoming more American and less obviously Jewish they would deflect the always present nativism and anti-Semitism. As for the children they remained for the most part ambivalent about the orphanage and about Wolfenstein and his successors. They were taught some useful skills; they were fed and clothed. Their chief deprivation was of the spirit. Professor Polster brings to his study a sensitivity that complements his grasp of the literature of asylum and the social history of turn of the century America. He has listened well to the aging men and women who once were the children inside looking out. Personality and Politics Fred I. Greenstein, 2014-07-14. Fred Greenstein, an acknowledged authority in this field, lays out conceptual and methodological standards for carrying out personality and politics inquiries ranging from psychological case studies of single actors through multi-case analyses of types of political actors to aggregative analyses of the impact of individuals and types of individuals on political systems and processes. Originally published in 1987, The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

The Engaging Realm of E-book Books: A Detailed Guide Revealing the Pros of E-book Books: A World of Convenience and Flexibility E-book books, with their inherent portability and simplicity of availability, have liberated readers from the limitations of physical books. Gone are the days of carrying bulky novels or carefully searching for specific titles in shops.
