Manuel Augusto Antão,2018-03-13 Book Reviews and Essays Comprises everything I wrote on my blog over 2016 The Triumph of the Thriller Patrick Anderson,2007-02-06 There s been a revolution in American popular fiction The writers who dominated the bestseller lists a generation ago with blockbuster novels about movie stars and exotic foreign lands have been replaced by a new generation writing a new kind of bestseller one that hooks readers with crime suspense and ever increasing violence Patrick Anderson The Washington Post s man on the thriller beat calls this revolution the triumph of the thriller and lists among its stars Thomas Harris Michael Connelly George Pelecanos Dennis Lehane Sue Grafton and Elmore Leonard In his provocative caustic and often hilarious survey of today s popular fiction Anderson shows us who the best thriller writers are and the worst He shows how Michael Connelly was inspired by Raymond Chandler how George Pelecanos toiled in obscurity while he mastered his craft how Sue Grafton created the first great woman private eye and how Thomas Harris transformed an insane cannibal into the charming man of the world who made FBI agent Clarice Starling his lover Anderson shows Scott Turow inventing the modern legal thriller and John Grisham translating it into a stunning series of bestsellers He casts a cold eye on Tom Clancy s militaristic techno thrillers and praises Alan Furst and Robert Littell as world class spy novelists He examines the pioneering role of Lawrence Sanders the offbeat appeal of Dean Koontz the unprecedented success of The Da Vinci Code and the emergence of the literary thriller Most of all Anderson demands that the best of these novelists be given their due not as genre writers but as some of the most talented men and women at work in American fiction Don t trust the literary elites to tell you what to read he warns make up you own minds The Triumph of the Thriller will convince many readers that we ve entered an important new era in popular fiction This book can be your guide to it **Wisdom of the Bones** Christopher Hyde,2005-05-03 Master of suspense Christopher Hyde takes us to Dallas in November of 1963 where Homicide Detective Ray Duval is about to collide with history His girlfriend s mother used to talk about the wisdom of the bones When you re close to dying you can see the truth Now with six months left to live Duval is putting that wisdom to the test He s trying to save one last life before he loses his own to a terminal heart condition But the President s assassination has sent shockwaves of panic throughout the city The killer has kidnapped another girl And unless Duval can break the pattern she ll be dead in forty eight hours Hyde s storytelling is pure genius New York Daily News Hyde draws tension with the skill of a surgeon New York Times bestselling author Michael Connelly **The Reacher Guy** Heather Martin,2020-09-29 An exquisitely written and nuanced biography of an exceptional individual and writer who has created the 1 international bestselling hero Jack Reacher revered by dedicated and loyal readers worldwide Lee Child has a great public persona he is gracious and generous with readers and fans But Jim Grant is a reticent and very private man This rags to riches literary and social biography is based principally on disarmingly frank personal conversations and correspondence with the author since 2016 and privileged access to archival materials It consists almost entirely of original

material and is the nearest thing the world is likely to get to the autobiography he does not intend to write There are a handful of great Lee Child Reacher stories that have been recycled over and over again They are so good that no one has bothered to look beyond them This book revisits and sometimes revises those irresistible stories but goes back further and digs deeper The emphasis on chronology accuracy and specificity is unprecedented The Lee Child origin myth is much loved But mostly it sees him springing fully formed from the brow of Granada Television There are glancing references to Aston Villa and the schoolyard but no one has examined the social and historical detail or looked closely at where Lee really came from the people places and period This is the first time someone has described the Lee Child arc from peaceful obscurity in the Yorkshire Dales and Upstate New York to cult figure no 1 in America rock star celebrity and publishing institution through to backlash the changing zeitgeist and intimations of retirement The analysis of the emotional power and significance of Lee s work in the final chapters the themes of happiness addiction dependency loneliness and existential absurdity and the first hand retrospective accounts of his life and second act career are all exclusive to this definitive biography
