

Introduction

The Wits' End Dog Training Method is the fastest, gentlest, most effective, comprehensive behaviour modification/obedience and protection training technique available anywhere...

And now, it's FREE!!! It's copyright 2002 information, so be advised: use it wisely, and use it often; use, copy, and distribute it in it its entirety or none at all.

Our no force, no nonsense, no negative re-enforcement approach is unique, systematic, and unconventional, which means no dog is too young, too old, too large, too small, too stubborn, too stupid or too bad, to train.

Specializing in problem dog behaviour compelled us to research new methods to instruct humans as well as canines. All dog behaviour problems are caused by our ineffective and inappropriate efforts to control their predictable, innate, normal, natural, instinctive, reflexive responses to circumstances of their environment we create for them. Not everyone needs formal obedience training, but you do need a dog you can live with, starting today, not after lengthy training, not after your dog matures, not when it's too late!

This requires a basic understanding of how your dog thinks and learns. That, and the "Family Pack Leadership" exercise, coupled with teaching the "recall" or "come" command, are all that one needs to effectively control the companion dog.

The mistakes your dog makes are neither mistakes nor accidents. They are instinctive challenges to your leadership and authority.

Wits' End Dog Training anticipates these impending mistakes inherent to each phase of training, and relies on them to turn the tables psychologically on your pet to convince him you are his appropriate leader, and make him want to do anything you ask.

Wits' End Dog Training is easy, quick, and foolproof, and works with every time, with every canine, even wolves!

The ability to think, rationalize, and solve problems are learned qualities. Our enlightened methods challenge the learning centres in your dog's brain.

These centres develop and continue to grow exponentially. Wits' End Dog Training capitalizes on praising split seconds of canine thought, strategy, and timing, not mindless hours of forced repetition, bribery, constant corrections, and scolding.

This manual will provide all the tools you will need to learn to properly handle and train your dog. We will address the most difficult behaviours with safe effective tools, real answers, and common sense advice. Successful completion of our program means you will never need another dog-training lesson again!

We train you to use the most effective, positive, intelligent formulas, based on scientific, psychological, and behavioral principles, and accelerated learning techniques.

We will teach you how dogs learn, and how to apply our forty years of knowledge and experience to convince your dog to do anything you ask, the first time, every time!

How is Wits' End Dog Training Different? Wits' End Dog Training methodology is not concerned with "training," but rather teaching the development of the thought process, moulding and safeguarding the proper development of personality, stable temperament, and good character.
