The Zap Novella English Edition:

How the Ray Gun Got Its Zap Stephen R. Wilk, 2013-10-07 How the Ray Gun Got Its Zap is a collection of essays that discusses odd and unusual topics in optics. Though optics is a fairly specialized branch of physics, this book extracts from the discipline topics that are particularly interesting, mysterious, culturally relevant, or accessible. The essays all first appeared in abbreviated form in *Optics and Photonics News* and in *The Spectrograph*; the author has updated and expanded upon each of them for this book. The book is divided into three thematic sections: History, Weird Science, and Pop Culture. Chapters will discuss surprising uses of optics in classics and early astronomy, explain why we think of the sun as yellow when it is actually white, present how the laser is used in popular film, and profile the eccentric scientists who contributed to optics. The essays are short and entertaining and can be read in any order. The book should appeal to general audiences interested in optics or physics more generally, as well as members of the scientific community who are curious about optics phenomena.

Disengaged: A contemporary romance novella Lauren Gallagher, Why are the good ones always taken? The last thing Amber wants to think about is engagement rings or anything related to engagement rings, but they're kind of hard to avoid when she makes her living in a jewelry store. Between her job and her last relationship, she's getting more than a little bit jaded about romance. In fact, as her cynicism grows, she's ready to change everything in her life, and a man is the last thing she wants. When gorgeous bartender Jeremy wanders into her store, she's willing to reconsider what she wants right now, but he's off the menu—he's here for an engagement ring. But as Jeremy comes back again and again to look at the ring, Amber suspects it's not just the price that's keeping him from taking it home. She'd never dream of sabotaging someone's relationship, but is Jeremy about to make a huge mistake?

Without Hesitation: A Contemporary Vacation Romance Novella Lynn Burke, 2020-11-25 Enjoy this steamy small town romance by contemporary romance author Lynn Burke. Dumped like a bag of misshapen clay four months before her wedding, grade school art teacher Mindy Hughson has no intention of opening her heart to anyone ever again. Hookups and one-night stands fill the ache of abandonment, but still leave her wanting. Attempting to find peace from the shattered pieces of her past, Mindy returns to Sandy Ridge, where she's drawn to the cabin's owner, Gage Hart. A carefree fling with a ripped hunk of beefsteak is just what she needs to fill the emptiness she feels inside. But Gage's smirk, lone dimple, and deep stare demand more than just the press of her body against his. He wants her love. With his mere presence threatening her resolve to keep things simple, will the pain of her past force her to flee? Or will Mindy dare to open her heart to Gage without hesitation? Without Hesitation is the second novella in the Sandy Ridge series. HEA guaranteed. This second-chance small town contemporary romance can be read as a standalone.
