Martin, 2025-08-18 Literature s probative force travels across the realm of sense in this world to what lies beyond it When we speak of what is beyond our grasp in this world we think most immediately of the world of the spirit Shakespeare famously celebrates literature s power to explore the forms of things unknown How many great works of literature guide us through a familiar world to the edge of the spiritual unknown Not only Shakespeare but Dante Milton Dostoevsky Hopkins Eliot O Connor and many others in these pages carry us there This book follows their quest Literary apologetics is the study of the characteristic moves by the authors who take readers on their journey of faith with them Most notably that tradition begins with Latin authors spreads across Europe in a continuous literary culture and extends over world literature to the present day While early apologetics is proclamation rhetoric philosophy and poetry above all it is witness to the faith manifesting itself in time The early faith community produces a distinct literary culture as Christian witness takes all these forms and more From then until now this kind of literature probes ultimate questions adumbrates numinous experience and extrapolates ethical outcomes of Christian teachings across a wide variety of literary forms The Handbook of Literary Apologetics provides an authoritative introduction to the scope of this tradition and its major figures      **The Cambridge Companion to Christianity and the Environment** Alexander J. B.

Hampton, Douglas Hedley, 2022-08-04 How one of the world's most important religions Christianity shaped one of the important issues of our time the environment *Boundless Innocence in Thomas Traherne's Poetic Theology* Elizabeth S. Dodd, 2016-03-16 The seventeenth century poet and divine Thomas Traherne finds innocence in every stage of existence He finds it in the chaos at the origins of creation as well as in the blessed order of Eden He finds it in the activities of grace and the hope of glory but also in the trials of misery and even in the abyss of the Fall *Boundless Innocence in Thomas Traherne's Poetic Theology* traces innocence through Traherne's works as it transgresses the boundaries of the estates of the soul Using grammatical and literary categories it explores various aspects of his poetic theology of innocence uncovering the boundless desire which is embodied in the yearning cry *Were all Men Wise and Innocent* Recovering and reinterpreting a key but increasingly neglected theme in Traherne's poetic theology this book addresses fundamental misconceptions of the meaning of innocence in his work Through a contextual and theological approach it indicates the unexplored richness complexity and diversity of this theme in the history of literature and theology

**Friendship and Its Discourses in the Seventeenth Century** Cedric Clive Brown, 2016 Cedric C Brown combines the study of literature and social history in order to recognize the immense importance of friendship bonds to early modern society Drawing on new archival research he acknowledges a wide range of types of friendship from the intimate to the obviously instrumental and sees these practices as often co terminous with gift exchange Failure to recognize the inter connected range of a friendship spectrum has hitherto limited the adequacy of some modern studies of friendship often weighted towards the intimate or gendered related issues This book focuses both on friendships represented in imaginative works and on lived friendships in many textual and material forms in an attempt to recognize cultural environments and functions In order to provide depth and coherence case histories have been selected from the middle and later parts of the seventeenth century Nevertheless many kinds of bonds are recognized as between patron and client mentor and pupil within the family within marriage in courtship or according to fashionable refined friendship theory Both humanist and religious values systems are registered and friendships are configured in cross gendered and same sex relationships Theories of friendship are also included Apart from written documents the range of texts extends to keepsakes pictures funerary monument and memorial garden features Figures discussed at length include Henry More and the Finch Conway family John Evelyn Jeremy Taylor Elizabeth Carey Mordaunt John Milton Charles Diodati Cyriac Skinner Dorothy Osborne Temple William Temple Lord Arlington Sir Orlando Bridgeman and Katherine Phillips and her circle especially Anne Owen Trevor and Sir Charles Cotterell *Catalogue* Dobell, P.J. & A.E., booksellers, London, 1911

Fall Narratives Zohar Hadromi-Allouche, Áine Larkin, 2016-12-01 Throughout history the motif of the Fall has impacted upon our understanding of theology and philosophy and has had an influence on everything from literature to dance *Fall Narratives* brings together theologians historians and artists as well as philosophers and scholars of religion and literature to explore and reflect on a wide range of concepts of the Fall Bringing a fresh understanding of the nuanced meanings of the

Fall and its various manifestations over time and across space contributions reflect on the ways in which the Fall can be seen as a transition into absence how conceptions of the Fall relate to change and shape one another and how the Fall can be seen positively embracing as it does a narrative of hope *Shakespeare Beyond the Green World* Todd Andrew Borlik, 2023

Unpicking the ecopolitics of Shakespeare's plays at the Stuart court this book establishes that the playwright was remarkably attentive to the environmental issues of his era Combining environmental history with close readings of Shakespearean wordplay original typography and performance conditions this study re-wilds the Renaissance stage **Heaven in Ordinary** David Jasper, 2018-11-29 Heaven in Ordinary is like a love affair with poetry that engages with religious questions for good or ill concerned with five poets who are haunted by God Poets in times of great faith and times of doubt have expressed for us their sense of both the presence and the absence of God in language that is sometimes almost sacramental in its weight of beauty love fear anger or despair The poets considered here all relate in some way to the traditions of Anglicanism through the centuries reflecting both a common humanity and a wide breadth of human experience as it struggles with God Heaven in Ordinary is deliberately autobiographical in approach as it is grounded in David Jasper's own lifetime experience of reading poetry since his school years and over four decades as a priest The poets he so beautifully discusses have related both positively and negatively to the Christian faith and the Anglican tradition Some are deeply religious others are haunted by God and the divine mystery *The Johannine Renaissance in Early Modern English Literature and Theology* Paul Cefalu, 2017-11-03 The Johannine Renaissance in Early Modern English Literature and Theology argues that the Fourth Gospel and First Epistle of Saint John the Evangelist were so influential during the early modern period in England as to share with Pauline theology pride of place as leading apostolic texts on matters Christological sacramental pneumatological and political The book argues further that in several instances Johannine theology is more central than both Pauline theology and the Synoptic theology of Matthew Mark and Luke particularly with regard to early modern polemicizing on the Trinity distinctions between agape and eros and the ideologies of radical dissent especially the seventeenth century antinomian challenge of free grace to traditional Puritan Pietism In particular early modern religious poetry including works by Robert Southwell George Herbert John Donne Richard Crashaw Thomas Traherne and Anna Trapnel embraces a distinctive form of Johannine devotion that emphasizes the divine rather than human nature of Christ the belief that salvation is achieved more through revelation than objective atonement and expiatory sin a realized eschatology a robust doctrine of assurance and comfort and a stylistic and rhetorical approach to representing these theological features that often emulates John's mode of discipleship misunderstanding and dramatic irony Early modern Johannine devotion assumes that religious lyrics often express a revelatory poetics that aims to clarify typically through the use of dramatic irony some of the deepest mysteries of the Fourth Gospel and First Epistle **Übersicht über die im Jahre ... auf dem Gebiete der englischen Philologie erschienenen Bücher, Schriften und Aufsätze**, 1907 **The Cambridge History of the Book in Britain: Volume 6,**

**1830-1914** David McKitterick, 2009-03-05 The years 1830 1914 witnessed a revolution in the manufacture and use of books as great as that in the fifteenth century Using new technology in printing paper making and binding publishers worked with authors and illustrators to meet ever growing and more varied demands from a population seeking books at all price levels The essays by leading book historians in this volume show how books became cheap how publishers used the magazine and newspaper markets to extend their influence and how book ownership became universal for the first time The fullest account ever published of the nineteenth century revolution in printing publishing and bookselling this volume brings The Cambridge History of the Book in Britain up to a point when the world of books took on a recognisably modern form **Bertram Dobell** S. Bradbury, 1909 **Poetic Priesthood in the Seventeenth Century** Tessie Prakas, 2022-07-28 Poetic Priesthood reads seventeenth century devotional verse as staging a surprising competition between poetry and the established church The work of John Donne George Herbert Richard Crashaw John Milton and Thomas Traherne suggests that the demands of faith are better understood by poets than by priests even while four of these authors were also ordained While recent scholarship has tended to emphasize the shaping influence of the liturgy on the poetry of this period this book argues that verse instead presents readers with a mode of articulating piety that relies on formal experimentation and that varies from the forms of the church rather than straightforwardly reproducing them In crafting this poetic aid to devotion these authors practiced an alternative and even more ample form of ministry than in their ecclesiastical activities In the wake of the Reformation the liturgy of the English church centered on rituals of communal prayer and praise but the poetry considered in this study suggests that such rituals in fact risk distracting worshippers from the pleasures and challenges of navigating an individual relationship with God Yet these poets do not make this suggestion by rejecting communal rituals outright Their verse invokes ecclesiastical practice as a basis for formal innovation that suggests how intimacy with the divine might look feel and sound connecting humans with their God more precisely and more individually than the liturgy can As they shift between explicit comment on the liturgy and more subtle departures from it in the interplay of verse form and denotation these authors claim the work of priesthood for poetry *Places of Enchantment* Graham Usher, 2012-10-18 There is a great and honourable tradition of finding God in landscapes Many who have given up on church appreciate the spiritual benefits they gain from climbing a mountain or walking in nature But how and why do we encounter God in land forest river mountain desert garden sea and sky That is what Graham Usher explores in this captivating volume which takes us from the giant Redwoods of the Californian Sierra Nevada to the jagged New York skyline from the wilds of the ancient Scottish Highlands to the rolling pastures of English Shropshire Drawing on material from biblical and church history traditions as well as scientific research and contemporary art he seeks to ascertain how such encounters support our Christian pilgrimage and challenge our assumptions **The Oxford History of Poetry in English** Laura L. Knoppers, 2024-08-08 Beginning with the last years of the reign of Elizabeth I and ending late in the seventeenth century this volume traces the growth of the literary

marketplace the development of poetic genres and the participation of different writers in a century of poetic continuity change and transformation     **The Bookseller** ,1901     *Celebrating the Seasons* Robert Atwell,2013-01-25 Daily readings from Christian spiritual masters from Basil the Great to Evelyn Underhill for devotional use all year long     Darkness Nina Edwards,2018-09-15 Darkness divides and enlivens opinion Some are afraid of the dark or at least prefer to avoid it and there are many who dislike what it appears to stand for Others are drawn to this strange domain delighting in its uncertainties lured by all the associations of folklore and legend by the call of the mysterious and of the unknown The history of our attitudes toward darkness toward what we cannot quite make out in all its physical and metaphorical manifestations challenges the very notion of a world that we can fully comprehend In this book Nina Edwards explores darkness as both a physical feature and cultural image through themes of sight blindness consciousness dreams fear of the dark night blindness and the in between states of dusk or fog twilight and dawn those points or periods of obscuration and clarification Taking us across the ages from the dungeons of Gothic novels to the concrete bunkers of Nordic Noir TV shows Edwards interrogates the full sweep of humanity s attempts to harness and suppress the dark first through our ability to control fire and later illuminate the world with electricity She explores how the idea of darkness pervades art literature religion and our everyday language Ultimately Edwards reveals how darkness whether a shifting concept or palpable physical presence has fed our imaginations
