Theme Days Ideas At Work:

Laugh out Loud: A User's Guide to Workplace Humor Barbara Plester, Kerr Inkson, 2018-09-24 This book is the first ever authoritative work on the use and management of humor in the workplace. It is a practical guide for everyone involved: the humorists, jokers, the targets, sometimes victims, the observers, audience, and most of all, the managers who have to set the tone and encourage, control, and manage humor. Humor is part and parcel of every workplace. However, while it usually demonstrates and fosters a united, happy workforce, it can at times be deeply damaging and divisive. The authors, academics with vast organizational experience and a research-based understanding of humor at work, bring together state-of-the-art knowledge of the topic, making it fun, accessible, and readable for all humor participants. The topics include how humor works, humor cultures in organizations, the many forms of workplace humor, and their pros and cons; humor rituals at work; digital humor; workplace jokers; the 21st-century issue of political correctness; and both the bright side of humor assisting positive cultures, making work fun, and its dark side where humor offends and humiliates. With over 60 real-life illustrative stories of workplace humor, a self-completion questionnaire to measure the Humor Climate in your organization, end-of-chapter takeaways, and an end-of-book summary advocating best practice, the book is a fun, how-to-do-it guide that will both inform and entertain.

Motivating Without Money Dave Worman, 1999-11 *100 Ideas for Teaching History* Julia Murphy, 2005-01-01 The Continuum One Hundreds series offers 100 invaluable and practical ideas for teachers of all levels. *100 Ideas for Teaching History* takes a skills-based approach, with each section suggesting general ideas to use in everyday classroom teaching, including specific examples of how these can be used with a variety of modules from primary through to secondary.

350 Ideas for Teachers Abraham Resnick, 2000-07-28 The purpose of this desk manual is to provide teachers with a variety of ideas for planning lessons and developing units. The 350 techniques presented can easily be modified and adapted for use with most grades.

Weekly Planner Gabriel Barnes, AI, 2025-03-04 *Weekly Planner* provides a practical guide to mastering your schedule, reducing stress, and achieving your goals through effective time management. This book emphasizes mindful planning and iterative adjustment, moving beyond simple task lists to address the psychological factors impacting productivity. By understanding how procrastination and feeling overwhelmed affect your ability to plan, you can create a weekly schedule that aligns with your natural tendencies. The book introduces core concepts like prioritization and time blocking, then guides you through creating a personalized weekly planning system. Discover how the Eisenhower Matrix can help prioritize tasks, learn techniques to overcome procrastination, and track your progress for continuous improvement. Unlike rigid, one-size-fits-all solutions, this book encourages experimentation and refinement, ensuring your plan evolves with your needs. Drawing from business management and self-help principles, *Weekly Planner* helps you build a roadmap for your goals. Starting with the basics of scheduling and prioritization, the book progresses to strategies for goal setting and stress reduction, culminating in a comprehensive guide for creating a personalized and adaptable weekly planner. This approach

ensures that your actions align with your long term vision leading to increased productivity and a greater sense of control

Greenhaus, Saroj Parasuraman, 1997-05-30 Despite calls for a renewal of family values and the proliferation of corporate work family programs the goal of achieving a healthy balance between the demands of work and a satisfying family life remains elusive Dr Parasuraman Dr Greenhaus and the contributors to this well balanced and thoughtful volume examine this increasingly prevalent social dilemma from a stakeholder perspective They see work family tensions as a multifaceted social issue and they examine the nature and consequences of these tensions from the viewpoints of individuals employers consultants counseling professionals and other service providers Their inclusion of legal cultural international and research perspectives and recognition of the unique concerns of vulnerable groups such as nonexempt employees and ethnic minorities add to the breadth of coverage Academics in the social and behavioral sciences executive decision makers in government and business human resource professionals and employed men and women interested in achieving work life balance will find this volume insightful stimulating and useful The editors have arranged their book into five parts and 21 chapters Part I provides a broad overview of the environmental factors impacting work and family It then identifies the critical issues and challenges facing individuals families and employees in managing the complex interdependencies between work and family roles In Part II they provide a view of the issues from the vantage point of specific stakeholders Part III concentrates on the role of culture in shaping ideology policies and practices concerning work and family and the relationships among them Part IV examines the impact of career development programs on employees and their families It also discusses the effectiveness of alternative career tracks various usages of work family benefits by women and men and the roles employers and employees can play in legitimizing alternative career paths Part V concludes the book by examining the cultural barriers to achieving more effective integration of work and family and by analyzing the appropriate role of key stakeholders in addressing work family problems

Teaching in Themes Deborah Meier, Matthew Knoester, Katherine Clunis D'Andrea, 2015 How do teachers and schools create meaningful learning experiences for students with diverse skills abilities and cultures How can teachers authentically assess the learning of their students and build on their strengths and interests in ways that enrich the larger community How

can schools be turned into places where everyone is learning from each other These are the big questions that guide the work of teachers at the well known Mission Hill School in Boston and that are addressed in this book Teaching in Themes will help schools incorporate a whole school theme based curriculum that engages students across grade levels K 8 The authors provide detailed descriptions of four thematic units What s Baking Learning Together About Bread and Bakeries The Impact of Nature and Play The Struggle for Justice U S History Through the Eyes of African Americans and Astronomical Inquiries Readers will see how teachers and students design emergent inquiries within the themes and create artwork music presentations and a variety of hands on learning experiences that support differentiated instruction across the curriculum Book Features Examples of whole school projects designed to create a deep sense of immersion in a curricular theme and to build a multi age learning community Details of how teachers developed rich curriculum tailored to their unique students The insights of legendary educator Deborah Meier on how whole school thematic units were used to encourage collaboration among teachers An afterword by teachers and film makers about the thinking behind their work featured in the widely viewed film series A Year at Mission Hill The schools Deborah Meier created in New York and Boston are outstanding examples of democratic education in action I will never forget the first time I visited one of Deborah s schools in East Harlem and saw the joy and curiosity on the faces of children and teachers alike I took time then to carefully describe the school s practices including its portfolio based assessment system because I believed the word needed to be spread I still do Happily this new book from Deborah and her colleagues at the Mission Hill School adds to the literature on creative and collaborative teaching and on building trusting and powerful learning communities Linda Darling Hammond Charles E Ducommun Professor of Education Stanford University Here is a book that shatters the prevailing definition of a good school as one with high test scores Teaching in Themes makes clear the often hidden fact that there are many kinds of good schools for children adults and a democratic society past and present Experienced teachers tell a fascinating story about Boston s Mission Hill School its goals curriculum classroom lessons and assessments that will knock the socks off many true believers in only one kind of a good school Larry Cuban Professor Emeritus of Education Stanford University Real student engagement is not the result of entertaining instruction it is borne from students being passionate about their own learning about becoming young experts This book gives a behind the scenes look at Mission Hill a remarkably successful public school where the quality of student thinking and student work takes precedence over test scores and where thematic learning builds powerful intellectual bridges within classrooms and across the school Ron Berger chief academic officer Expeditionary Learning
