

MAGIC THESIS STATEMENT

the service

- A thesis fits comfortably into the **Magic Thesis Statement** (MTS).

By looking at _____, we can see _____, which most people don't see; this is important because _____.

- A thesis says something **strange** and **different**.

A. By telling the story of Westley and Buttercup's triumph over evil, *The Princess Bride* affirms the power of true love.

B. Although the main point of *The Princess Bride* rests on the natural power of true love, an examination of the way that fighting sticks (baseball bats, tree branches, and swords) link the frame story to romance plot suggests that the grandson is being trained in true love, that is not natural but socialized.

Both of these statements are perfectly correct. Only the second one says something, well, weird. **Weird is good!** Sentence A encourages the paper to produce precisely the evidence that everyone talks about; sentence B ensures that the paper will talk about something **new and different**. Many great papers start by pointing out something that seems to not make sense and then making sense of it.

- A thesis sets up a miniature **road map** for the paper to follow.

A. Reality dating shows aren't so real, after all.

B. Although, shows like *The Bachelor* and *Joe Millionaire* seem centered on individual choice, the receptive, scripted nature of each show's final segment—"Jen, will you accept this Rose?"—points to the gender and sexual conventions in dating.

If the components of your argument can be rearranged without changing the thesis, your thesis has a problem. If your thesis makes sense using phrases like "**although**" and "**despite**" you've got built in debatability and direction. It's also great idea to avoid the expose E! Celebrity News tone of the first example.
