Doing Your Literature Review Jill Jesson, Lydia Matheson, Fiona M Lacey, 2011-02-11. The literature review is a compulsory part of research and increasingly may form the whole of a student research project. This highly accessible book guides students through the production of either a traditional or a systematic literature review, clearly explaining the difference between the two types of review, the advantages and disadvantages of both, and the skills needed. It gives practical advice on reading and organising relevant literature and critically assessing the reviewed field. Contents include using libraries and the internet, note making, presentation, critical analysis, referencing, plagiarism, and copyright. This book will be relevant to students from any discipline. It includes contributions from two lecturers who have many years' experience of teaching research methods and the supervision of postgraduate research dissertations, and a librarian, each offering expert advice on either the creation and assessment of literature reviews or the process of searching for information. The book also highlights the increasing importance for many disciplines of the systematic review methodology and discusses some of the specific challenges which it brings. Jill K Jesson has worked with multi-disciplinary research teams within the Aston School of Pharmacy, Aston Business School, and with M E L Research, an independent public services research consultancy. She has now left Aston University and is working as a Consultant. Lydia Matheson is an Information Specialist working for Library Information Services at Aston University. Fiona M Lacey is an academic pharmacist, a member of the pharmacy practice teaching group in the School of Pharmacy, and Associate Dean in the School of Life and Health Sciences at Aston.

Essays and Arguments: A Handbook for Writing Student Essays Ian Johnston, 2015-04-28. How does one help undergraduate students learn quickly how to produce effectively organized, persuasive, well-reasoned essays? This book offers a straightforward, systematic introduction to some of the key elements of the construction of arguments in essay form. The focus here is on practical advice that will prove immediately useful to students; recommended procedures are emphasized, and detailed examples of academic and student writing are provided throughout. The book introduces the basics of argumentation before moving on to the structure and organization of essays. Planning and outlining the essay, writing strong thesis statements, organizing coherent paragraphs, and writing effective introductions and conclusions are among the subjects discussed. A separate section concisely explores issues specific to essays about literary works.
