Homer, Eakins, and Anshutz: The Search for American Identity in the Gilded Age Randall C. Griffin, 2004 Randall Griffin's book examines the ways in which artists and critics sought to construct a new identity for America during the era dubbed the Gilded Age because of its leaders' taste for opulence. Artists such as Winslow Homer, Thomas Eakins, and Thomas Anshutz explored alternative American themes and styles but widespread belief in the superiority of European art led them and their audiences to look to the Old World for legitimacy. This rich, never-resolved contradiction between the native and autonomous on the one hand and on the other the European and borrowed serves as the armature of Griffin's innovative look at how and why the world of art became a key site in the American struggle for identity. Not only does Griffin trace the interplay of issues of nationalism, class, and gender in American culture but he also offers insightful readings of key paintings by Eakins and other canonical artists. Further, Griffin shows that by 1900 the nationalist project in art and criticism had helped open the way for the formulation of American modernism. Homer, Eakins, and Anshutz will be of importance to all those interested in American culture as well as to specialists in art history and art criticism. The Technique of Fine Art Lithography Michael Knigin, Murray Zimiles, 1977 Images of the Outcast Sean Shesgreen, 2002 This lavishly illustrated volume featuring 170 images offers a comprehensive and original survey of a fascinating collection of images of the lower orders of London. The *London Cries* is a body of graphic art produced between the sixteenth and nineteenth centuries that provided continually changing representations of the tradesmen and street hawkers that roamed London from its beginnings right up to the present. Analyzing prints, drawings, lithographs, and paintings done during this time period, Sean Shesgreen traces portraits of ordinary men and women who made their living on the streets of this bustling city. Characters include milkmaids, cheapjacks, beggars, prostitutes, Merry Andrews, religious fanatics, and other colorful figures of their stripe. *Images of the Outcast* examines the *Cries* in relationship to the historical actualities of street trading, bourgeois attitudes toward the poor, and other forms of art. Through a lively discussion of the prints, drawings, sketches, and oils of artists from the anonymous craftsmen of the sixteenth century to Theodore Gericault and others, Shesgreen provides an important overview of this significant genre. Many of the riveting images the author discusses have never been published or analyzed before. American Book Prices Current, 1998 A record of literary properties sold at auction in the United States. **Painting as an Art** Richard Wollheim, 2023-08-15 One of the twentieth century's most influential texts on philosophical aesthetics, *Painting as an Art* is acclaimed philosopher Richard Wollheim's encompassing vision of how to view art. Transcending the traditional boundaries of

art history Wollheim draws on his three great passions philosophy psychology and art to present an illuminating theory of the very experience of art He shows how to unlock the meaning of a painting by retrieving almost reenacting the creative activity that produced it In order to fully appreciate a work of art Wollheim argues critics must bring a much richer conception of human psychology than they have in the past This classic book points the way to discovering what is most profound and subtle about paintings by major artists such as Titian Bellini and de Kooning Library Journal Melvil Dewey, Richard Rogers Bowker, L. Pylodet, Charles Ammi Cutter, Bertine Emma Weston, Karl Brown, Helen E. Wessells, 1964 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Issued also separately **Books to Come; Bowker's Advance Book Reporting Service** ,1960 Booksellers catalogues Walter T.
