Theoretical Frameworks in Qualitative Research Vincent A. Anfara, Jr., Norma T. Mertz, 2014-10-30 The Second Edition of *Theoretical Frameworks in Qualitative Research* by Vincent A Anfara Jr and Norma T Mertz brings together some of today's leading qualitative researchers to discuss the frameworks behind their published qualitative studies. They share how they found and chose a theoretical framework from what discipline the framework was drawn, what the framework posits, and how it influenced their study. Both novice and experienced qualitative researchers are able to learn first hand from various contributors as they reflect on the process and decisions involved in completing their study. The book also provides background for beginning researchers about the nature of theoretical frameworks and their importance in qualitative research, about differences in perspective about the role of theoretical frameworks, and about how to find and use a theoretical framework.
