Galaxies of Love 2 Norbert Reinwand, The book is a sequel to Love Galaxies Part 1 in which the Alien Zara

has fallen in love with Lukas from Earth The plot is a mix of romance and space history The diary Zara is in the space station hangar searching the Ancient s computer spaceship for useful hints and information She finds the log files of the spaceship and makes some discoveries in it The spaceship is discovered 20 000 years ago on a research mission who was also her father He determined at that time the Temple s database So this was his ship and he was the only one who could fly it at the time Since he was immortal he visited several times in the last 20000 years Earth and found there also a city called Atlantis He loves herself several times in Mortal Women of Earth and Out of These Amours children were also born Zara thus had brothers and sisters in the Human history Also the database also contained the history of the city of Atlantis and more stories of love Or like her father always said galaxies of love Her father also wrote a diary with entries from the last 20 000 years contained Zara wanted to know more about her father s visits to Earth and started reading LIFE ,1962-12-21 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today s people and events They have free access to share print and post images for personal use **From the First Rising Sun** Charla Jean Morris,2011-08-10 While in medical school which I did not have the privilege of completing once a week we had a small group discussion class called Focus On Problems Each group had a leader a member of the medical school staff or someone closely associated with the school usually an MD or Ph D Our group leader was Dean of the Medical School H David Wilson MD One class period focused on working with patients of different ethnic backgrounds Dr Wilson asked me what were some of the traditions of my tribe in regard to medicine that would be helpful for a doctor to know My reply was that I had been raised like a white that I had grown up learning about various herbal and natural remedies but that I knew nothing about the specific medical traditions ceremonial or secular of my people I had always longed to know of the traditions of my people before that but circumstances of my family history had not allowed it That question in the Focus On Problems class caused that longing to intensify into a sharp pang of longing that would not be satisfied until many years later While in the first two years of medical school as a nontraditional student I was in an environment that encouraged the development of the knowledge of Native American traditions We had Native American speakers that came and elaborated on Native American traditions One area that was lacking was tribal histories but what academics label prehistory I commented to her that when white man came they did all they could to destroy our social and religious fabric so the old traditions were not passed down to most of the remaining members of the tribes Now we know nothing of our old history There is nothing left The white side of my family history is easy to know but not my Cherokee and Choctaw side She replied by saying that yes many of our peoples have lost their old traditions and it is sad
