## **Revel With A Cause Liberal Satire In Postwar America:**

Revel with a Cause Stephen E. Kercher, 2010-06-15 We live in a time much like the postwar era A time of arch political conservatism and vast social conformity A time in which our nation's leaders question and challenge the patriotism of those who oppose their policies But before there was Jon Stewart Al Franken or Bill Maher there were Mort Sahl Stan Freberg and Lenny Bruce liberal satirists who through their wry and scabrous comedic routines waged war against the political ironies contradictions and hypocrisies of their times *Revel with a Cause* is their story Stephen Kercher here provides the first comprehensive look at the satiric humor that flourished in the United States during the 1950s and early 1960s Focusing on an impressive range of comedy not just standup comedians of the day but also satirical publications like MAD magazine improvisational theater groups such as Second City the motion picture *Dr Strangelove* and TV shows like *That Was the Week That Was* Kercher reminds us that the postwar era saw varieties of comic expression that were more challenging and nonconformist than we commonly remember His history of these comedic luminaries shows that for a sizeable audience of educated middle class Americans who shared such liberal views the period's satire was a crucial mode of cultural dissent For such individuals satire was a vehicle through which concerns over the suppression of civil liberties Cold War foreign policies blind social conformity and our heated racial crisis could be productively addressed A vibrant and probing look at some of the most influential comedy of mid twentieth century America *Revel with a Cause* belongs on the short list of essential books for anyone interested in the relationship between American politics and popular culture

*Living with Hate in American Politics and Religion* Jeffrey Israel, 2019-04-23 In the United States people are deeply divided along lines of race class political party gender sexuality and religion Many believe that historical grievances must eventually be left behind in the interest of progress toward a more just and unified society But too much in American history is unforgivable and cannot be forgotten How then can we imagine a way to live together that does not expect people to let go of their entrenched resentments *Living with Hate in American Politics and Religion* offers an innovative argument for the power of playfulness in popular culture to make our capacity for coexistence imaginable Jeffrey Israel explores how people from different backgrounds can pursue justice together even as they play with their divisive grudges prejudices and desires in their cultural lives Israel calls on us to distinguish between what belongs in a raucous domain of play and what belongs in the domain of the political He builds on the thought of John Rawls and Martha Nussbaum to defend the liberal tradition against challenges posed by Frantz Fanon from the left and Leo Strauss from the right In provocative readings of Lenny Bruce's stand up comedy Philip Roth's Portnoy's Complaint and Norman Lear's *All in the Family* Israel argues that postwar Jewish American popular culture offers potent and fruitful examples of playing with fraught emotions *Living with Hate in American Politics and Religion* is a powerful vision of what it means to live with others without forgiving or forgetting

Meier, Casey R. Schmitt, 2016-10-14 In recent decades some of the most celebrated and culturally influential American oratorical performances have come not from political leaders or religious visionaries but from stand up comics Even though comedy and satire have been addressed by rhetorical scholarship in recent decades little attention has been paid to stand up This collection is an attempt to further cultivate the growing conversation about stand up comedy from the perspective of the rhetorical tradition It brings together literatures from rhetorical cultural and humor studies to provide a unique exploration of stand up comedy that both argues on behalf of the form s capacity for
