leaders ideologies and practices These entries are supplemented with a carefully selected collection of primary sources that track the evolution of U S anti and counterterrorism policies and political debate These documents will not only illuminate major events and turning points in America s fight against terror both foreign and homegrown but also help readers understand debates about the effectiveness morality and constitutionality of controversial policies that have either been implemented or proposed from waterboarding to targeted assassination to indefinite incarceration at Guant namo Bay In addition this resource shows how political controversies over anti and counterterrorism strategies are spilling over into other areas of American life from debates about privacy rights government surveillance and anti Muslim actions and beliefs to arguments about whether U S firearms policies are a boon to terrorists

**Death Work** Vincent E. Henry, 2004-04-01 In this fascinating new book Vincent Henry a 21 year veteran of the NYPD who recently retired to become a university professor explores the psychological transformations and adaptations that result from police officers encounters with death Police can encounter death frequently in the course of their duties and these encounters may range from casual contacts with the deaths of others to the most profound and personally consequential confrontations with their own mortality Using the survivor psychology model as its theoretical base this insightful and provocative research ventures into a previously unexplored area of police psychology to illuminate and explore the new modes of adaptation thought and feeling that result from various types of death encounters in police work The psychology of survival asserts that the psychological world of the survivor one who has come in close physical or psychic contact with death but nevertheless managed to live is characterized by five themes psychic numbing death guilt the death imprint suspicion of counterfeit nurturance and the struggle to make meaning These themes become manifest in the survivor s behavior permeating his or her lifestyle and worldview Drawing on extensive interviews with police officers in five nominal categories rookie officers patrol sergeants crime scene technicians homicide detectives and officers who survived a mortal combat situation in which an assailant or another officer died Henry identifies the impact such death encounters have upon the individual the police organization and the occupational culture of policing He has produced a comprehensive and highly textured interpretation of police psychology and police behavior bolstered by the unique insights that come from his personal experience as an officer his intimate familiarity with the subtleties and nuances of the police culture s value and belief systems and his meticulous research and rigorous method *Death Work* provides a unique prism through which to view the individual organizational and social dynamics of contemporary urban policing With a foreword by Robert Jay Lifton and a chapter devoted to the local police response to the World Trade Center attacks *Death Work* will be of interest to psychologists and criminal justice experts as well as police officers eager to gain insight into their unique relationship to death

*Family Crimes Against the Elderly* Patricia J. Brownell, 2014-01-14 First Published in 1999 *Family Crimes Against the Elderly* A Study of Elder Abuse and the New York Police Department represents an important contribution to the available knowledge on elder abuse as a criminal justice issue

While most studies of elder abuse to date have examined this social problem from a health mental health or social service perspective few have focused on it from the perspective of law enforcement     The Psychology and Law of Criminal Justice Processes Roger J. R. Levesque, 2006 Psychological science now reveals much about the law s response to crime This is the first text to bridge both fields as it presents psychological research and theory relevant to each phase of criminal justice processes The materials are divided into three parts that follow a comprehensive introduction The introduction analyses the major legal themes and values that guide criminal justice processes and points to the many psychological issues they raise Part I examines how the legal system investigates and apprehends criminal suspects Topics range from the identification searching and seizing to the questioning of suspects Part II focuses on how the legal system establishes guilt To do so it centres on the process of bargaining and pleading cases assembling juries providing expert witnesses and considering defendants mental states Part III focuses on the disposition of cases Namely that part highlights the process of sentencing defendants predicting criminal tendencies treating and controlling offenders and determining eligibility for such extreme punishments as the death penalty The format seeks to give readers a feeling for the entire criminal justice process and for the role psychological science has and can play in it
