We The Arcturian S:

We, the Arcturians Betty Rice, Norma J. Milanovich, Cynthia Ploski, 1990 The Arcturians speaking through Norma have sent Earthlings a gentle message regarding their purpose for being here They claim they are here to assist Earth as it enters a New Age of spirituality They cannot interfere with the free will or decision making process of any Earthling but are here to educate and help raise the vibrations of all who choose to journey to the new dimension the Earth is entering

Connecting with the Arcturians 5 David K. Miller, Is Earth's crisis part of a cosmic drama The Arcturians address this question and provide a new galactic perspective Other planets they have visited have also gone through the type of crisis we are now experiencing Further the same kinds of polarizations and conflicts have occurred in the developmental cycles of other planets throughout the galaxy Human evolutionary change includes understanding that we are biomagnetic beings of light who possess subtle energetic bodies that interact with galactic forces Along with other tools found in this fifth volume the Arcturians offer a subtle body exercise called shimmering that helps us raise our spiritual vibration It can even be used to protect us and our auras from the coronavirus The evolutionary changes necessary for solving this crisis must be addressed both personally and planetarily This book offers a wide range of techniques interventions and explanations to help make sense of the current planetary crisis It addresses the issue of how the reader as a starseed can contribute to solving planetary imbalance

Connecting with the Arcturians 3 David K. Miller, 2018-12-20 The themes of this book focus on the evolution of humanity the next stage of our planetary development the planetary crisis in general and how we as spiritual lightworkers and starseeds can prepare for our future and for the ascension We look at the relationships between such complex subjects as quantum physics and spirituality and New Age physics to learn how that relates to the higher dimensions and healing techniques that use new terminology such as quantum healing and omega light The Arcturians gladly integrate physics with spirituality Ascension is the transmutation of the physical body into the fifth dimension completing Earth's incarnational cycles They report that the ascension is open to all seekers of higher spiritual truth especially those who are open to cosmic spirituality There is also an extensive glossary to help the reader Overall their messages are hopeful helpful and healing The healings provided through their thinking are relevant personally and planetarily

Connecting with the Arcturians 4 David K. Miller, During this time of planetary crisis the Arcturians explore how we starseeds can cope with these dramatic changes such as updating our immune systems and dealing with electromagnetic energies and energy fields They offer recommendations and ideas for helping us cope with these overwhelming planetary changes This book explores the important subject of ascension and the work leading to ascension The Arcturians present a model based on their observations that precipitating events of ascension occur when the third dimension and fifth dimension intersect At the time of that intersection a powerful spiritual energy will download into Earth's energy field that can uplift those who are at the highest vibrations and prepared for ascension Another concept introduced in this volume is the idea of holographic healing In

holography a piece of an object can represent the whole In this Arcturian theory a person on Earth is only a part of their whole self Other parts can include the past self which is the self in other lifetimes and the future self which is the self that will live and evolve in future times There is also a multidimensional self that exists on this and other dimensions *Aliens and Us Are We Prepared Yet?* Vikas Gupta,2010-04-23 The subject of aliens is not a new one and has been around for a really long time now We talk about it all the time News and articles about the possibility of alien visits or attacks are everywhere Perhaps this has become so common that people have started to shrug it off thinking this is just one of those science fiction topics that media loves to sensationalize If all of a sudden we have an alien encounter one day are we psychologically prepared for this Like many of you even I think we are not In fact we might be in a state of shock as they might turn out to be completely different from any of our imaginations about them But if we are prepared for anything then such an alien encounter might not be shocking The objective of this book is to prepare its readers psychologically to deal with the subject of aliens and the first alien encounter In other words aiming to prepare humanity with the cope of a possible shock upon an impending alien encounter There are a lot of mysteries in this world that might have some paranormal behavior associated to them but they are kind of scattered and appear here and there In other words although these mysteries have been documented well enough by a lot of people from time to time but they do not appear related This book attempts to bring together these mysteries and relate them with one possible explanation that is common the alien connection Also it is trying to bring this subject out from the confines of a circle of scientists subject experts and enthusiasts to a common person So this book is for a common man by a common man **New Spiritual Technology for the Fifth-Dimensional Earth** David K. Miller,2012-05-21 Earth is moving closer to the fifth dimension and new spiritual ideas and technologies are becoming available for rebalancing our world Native ceremonies to connect to Earth healing energies Thought projections and thought communication to communicate with Earth Connections with our galactic starseed heritage so that we can relate to our role in the galaxy A new spiritual paradigm to help humankind transition into the next evolutionary stage THE SACRED TRIANGLE REPRESENTS THE INTEGRATION OF THREE SPIRITUAL SOURCES FOR HEALING THE EARTH The Native American spirituality and the spiritual work of the indigenous peoples of the world The mystical energy found in all the major religions in the world including Christianity the Kabbalah Hinduism Sufism and the ascended masters Fifth dimensional galactic spirituality which includes energy from extradimensional masters such as the Arcturians and the Pleiadians *The Technical Delusion* Jeffrey Sconce,2019-01-17 Delusions of electronic persecution have been a preeminent symptom of psychosis for over two hundred years In *The Technical Delusion* Jeffrey Sconce traces the history and continuing proliferation of this phenomenon from its origins in Enlightenment anatomy to our era of global interconnectivity While psychiatrists have typically dismissed such delusions of electronic control as arbitrary or as mere reflections of modern life Sconce demonstrates a more complex and interdependent history of electronics power and insanity Drawing on a wide array of

psychological case studies literature court cases and popular media Sconce analyzes the material and social processes that have shaped historical delusions of electronic contamination implantation telepathy surveillance and immersion From the age of telegraphy to contemporary digitality the media emerged within such delusions to become the privileged site for imagining the merger of electronic and political power serving as a paranoid conduit between the body and the body politic Looking to the future Sconce argues that this symptom will become increasingly difficult to isolate especially as remote and often secretive powers work to further integrate bodies electronics and information

Songs Of The Arcturians Patricia Pereira,2011-03-15 In 1987 medical transcriptionist Patricia Pereira suddenly started receiving telepathic communications from the star Arcturus and was requested to begin a series of galactically inspired manuscripts The mission of this series of books is to awaken us to our individual and collective spiritual obligation for the health and well being of our planet and all creatures who live upon her Philosophical in cope the essays in these books provide pragmatic practical suggestions for emotional mental physical and spiritual transformation They remind us of our familial relationships to beings of light who inhabit the great star nations This book the first in a series of four provides practical suggestion to help us shift our emotional physical and spiritual states so that we can prepare to take our future place in the Universal Community

Miller, 2013-04-01 On the Mayan Calendar every day of the year represents the energy of one of the twenty solar glyphs and one of the thirteen numbers called tones The solar glyph indicates your soul purpose and the tone is the energy you will use to attain this purpose **Cosmic Ascension** Joshua David Stone, 1998-02-01 Cosmic Ascension Your Cosmic Map Home Almost all the books on the planet on the subject of ascension are written about planetary ascension However because of the extraordinary times in which we now live in terms of Earth's history there is a new opening and potentiality to also begin one's cosmic ascension process This has never before been available It must be understood as Vywamus has said that in completing our planetary ascension we are no more than one tenth of the way up a ten inch ruler in terms of our cosmic ascension process This includes most of the ascended masters We on Earth who are working to complete our seven levels of initiation must remember that there are 352 levels of initiation to return to the godhead of Father Mother God at the top of creation Most of the Ascended Masters of the entire Spiritual Hierarchy are not beyond the 12th initiation This is not a criticism just a simple statement of fact The question is What lies beyond the next nine tenths of the ruler and how do we achieve our cosmic ascension as well as our planetary ascension which is no small feat in and of itself It is for this purpose that the author was guided to write this book *Life in Atlantis and Other Worlds* , **Teachings from the Sacred Triangle** David K. Miller, 2002-01-01 Three forces must come together for a planetary healing to occur The concept of the Sacred Triangle was introduced in David Miller's first book Connecting with the Arcturians which explored the fifth dimension and our relationship to higher Extraterrestrial groups This new book explains how the Arcturian energy melds with that of the White Brother Sisterhood and the Ascended Native American Masters to bring about planetary healing David offers the reader an understanding of the soul the nature of soul evolution and how the human species is advancing towards the next evolutionary step There will be many of you in this time who will be able to complete fantastic tasks If I would declare to you what I see you would be astonished that you could possibly carry out such tasks You must think that you have the ability to do this You have the personal power I ask you to look at the Sacred Triangle and see what role you can play in this Others will be very interested when you explain this mission I guarantee you there will be a very strong contingent that will ascend together as we are invited to join you in the Crystal Temple We are very eager to meet you there as well This is

Chief White Eagle Teachings from the Sacred Triangle, Volume 2 David K. Miller, 2012-05-21 The knowledge and technology to proceed with holographic healing is hereby granted to each of you who reads these words It is not necessary to travel to distant places With the holographic technology

and skills you have been taught you will be able to project your energies in the most direct and transformative way throughout the Earth I ask each of you to take that part of the Earth you are familiar with and know When you interact with that part you can affect the whole Earth Whatever part of that whole that is distorted can be transformed into a fifth dimensional holographic energy The Arcturians *Teachings from the Sacred Triangle, Volume One* David K.

Miller,2002-01-01 Three forces must come together for a planetary healing to occur The concept of the Sacred Triangle was introduced in David Miller s first book Connecting with the Arcturians which explored the fifth dimension and our relationship to higher Extraterrestrial groups This new book explains how the Arcturian energy melds with that of the White Brother Sisterhood and the Ascended Native American Masters to bring about planetary healing David offers the reader an understanding of the soul the nature of soul evolution and how the human species is advancing towards the next evolutionary step There will be many of you in this time who will be able to complete fantastic tasks If I would declare to you what I see you would be astonished that you could possibly carry out such tasks You must think that you have the ability to do this You have the personal power I ask you to look at the Sacred Triangle and see what role you can play in this Others will be very interested when you explain this mission I guarantee you there will be a very strong contingent that will ascend together as we are invited to join you in the Crystal Temple We are very eager to meet you there as well This is Chief White Eagle
