 around the world Adrian Flanagan Sailing horizontally is difficult enough crossing thousands of miles of ocean only to get  
 near land at the Capes and battle treacherous currents However hundreds of sailors have still managed it Adrian became  
 obsessed with the idea of sailing vertically around the world as a boy before he even knew whether it was possible Thirty  
 years later he managed it This is his own account of his remarkable adventure It was an epic challenge sailing through the  
 perilous waters around Cape Horn and across the remote hostile stretch of the Russian Arctic He survived being washed  
 overboard capsizing a close encounter with pirates and also managed to treat not one but two dislocated wrists all of this  
 alone a thousand miles or more from anyone who could help him complete his quest It wasn't all high drama however Adrian  
 experienced moments of awe inspiring beauty being accompanied by a pod of whales and swimming with dolphins This is a  
 timeless and unique story pacily written with a sense of humour but which captures the zeal and determination required to  
 accomplish something nobody else has ever done before Cambridge University Reporter University of Cambridge, 1917
