Individuals within a work environment have common experiences share the same frustrations or feelings and can easily garner details about one another from simple observation and casual conversation. It is not surprising that workplace romances happen so frequently making it a topic of great interest to far more individuals than those who work in Human Resources departments. *Finding Love from 9 to 5: Trade Secrets of Office Romance* is not about workplace misbehavior. It's about love relationships that begin and sometimes end on company time regardless of whether these individuals work in the same physical environment or not. This book is for anyone who has fallen in or out of love in the workplace: the single person who is dreaming of or on the brink of an office romance and colleagues and supervisors who must learn to live and work among those involved in in-house relationships.
