Parliamentary Debates (Hansard). Great Britain. Parliament. House of Commons,1992 **Fridays with Landon** Richard McKenzie Neal,2006-09-06 The words contained within the covers of this book are intended to speak to some of lifes ups and downs Life encompasses a multitude of components that require daily maintenance and or managementand your judgment in those areas will drive the direction of your existence Life will sooner or later introduce you to the good the bad the ugly and everything in betweenhumor joy sadness and the always present mystery The author believes the words in this book to be universalalthough not universally spoken nor acknowledged Richards odyssey has been continuous from the denial of his rural Arkansas roots to his acceptance in Phase Three While the Greyhound bus physically transported him away from his disdainand provided the escape from his dysfunctional family the relocation only skewed his perspective California was a world apart from Arkansas and without an education and or a craftlife would severely test the authors fortitude and determination It would resemble a scavenger hunt as he chased his always moving always fading demons for personal understanding This book began simply enough as letters to his son the second of two from the authors second marriage who was is also seeking self understanding The son was serving prison time for drug usage and drug related crimes stemming

from twenty years of abuse Added to that his son Landon is afflicted with epilepsy and the combination epilepsy and heroin can produce deadly consequences His sons first letter not only requested that his father correspond with him but that he fill in the gaps of his life his words were Dad I know nothing of you before our family The father was taken aback he had rarely if ever thought about his past life much less verbalized it to others Initially as he reflected on the request he wondered if he even remembered anything about his past had he buried it so deeply through denial that he would never be able to resurrect the information that his son was requesting The book chronicles the authors early years in Arkansas and his own drug abuse during his twenties as he struggled in California The book reveals the authors insecurities regarding his lack of a formal education How he created a facade to conceal his perceived deficiencies as he managed a challenging career the majority of those years at the supervisory level within the oil industry One cannot read just one of the letters encapsulated between the Foreword and the last page and fully comprehend the purpose and or intent of this collaboration between the writers present life and his long buried past Singularly none of the enclosed correspondence is capable of standing alone but linked together they provide a measure of insightfulness and understanding you decide about what There are common threads woven throughout the writing and there are also subliminal messages advice thoughts insight understanding encouragements and reconciliation embedded within the dynamics of this endeavor From the author Landon and I have come a long way with our burdens and while neither of us have arrived yet I believe we are both on the correct path and approaching the other side But only time will tell
