analysis of transgression from Bataille to Baudrillard and Ballard compliments the collection's concerns about the status of transgression. Aside from fourteen critical essays on topics such as early modern drama, George Bataille, J. G. Ballard, the female necrophilic torture porn cinema and the art of Robert Mapplethorpe and Salvador Dalí, there is also a new discussion of transgression between novelist Iain Banks and Professor Roderick Watson, Emeritus at the University of Stirling. With its focus on the paradoxical nature of the impulse to transgress as well as its wide-ranging historical and artistic concerns,

*Transgression and Its Limits* is a landmark book in a rapidly developing scholarly field. Screen World 1998 John

Willis, Barry Monush, 1999-02-01. Covers American and foreign films released in the United States each year with listings of credits and profiles of screen personalities and award winners. *Gothic forms of feminine fictions* Susanne

Becker, 2017-06-01. *Gothic forms of feminine fictions* is a study of the powers of the Gothic in late twentieth-century fiction and film. Susanne Becker argues that the Gothic, two hundred years after it emerged, exhibits renewed vitality in our media age with its obsession for stimulation and excitement. Today's globalised entertainment culture, relying on soaps, reality TV, shows, celebrity and excess, is reflected in the emotional trajectory of the Gothic's violence, eroticism and sentimental excess. *Gothic forms of feminine fictions* discusses a wide range of Anglophone Gothic romances from the classics through pulp fictions to a postmodern Gothica. This timely and original study is a major contribution to gender and genre theory as well as cultural criticism of the contemporary. It will appeal to scholars in a wide range of fields and become essential for students of the Gothic contemporary fiction, particularly Alice Munro and Margaret Atwood, and popular culture. **Translating**

**Canada** Luise von Flotow, Reingard M. Nischik, 2007-10-25. In the last thirty years of the twentieth century, Canadian federal governments offered varying degrees of support for literary and other artistic endeavour. A corollary of this patronage of culture at home was an effort to make the resulting works available for audiences elsewhere in the world. Current developments in the study of translation and its influence as cultural transfer have made possible new assessments of such efforts to project a national image abroad. *Translating Canada* examines cultural materials exported by Canada in addition to those selected for acquisition by German publishers, theatres and other culture brokers. It also considers the motivations of particular translators and the reception by German reviewers of works by a wide variety of Canadian writers, novelists and poets, playwrights and children's authors, literary and social critics. Above all, the book maps for its readers a number of significant though frequently unsuspected roles that translation assumes in the intercultural negotiation of national images and values. The chapters in this collection will be of value to students, teachers and scholars in a number of fields. Informed lay readers too will appreciate the authors' insights into the different ways in which translation has contributed to German reception of Canadian books and culture. *Who's who in Contemporary Women's Writing* Jane Eldridge Miller, 2002. Entries profile women writers of poetry, fiction, prose and drama, including Sylvia Plath, Fleur Adcock and Toni Morrison.
