Fashioning Diaspora Vanita Reddy,2016-02 The author maps how transnational itineraries of Indian beauty and fashion shaped South Asian American cultural identities and racialized belonging from the 1990s through the first decade of the twenty-first century She observes how diasporic subjects engage with and respond to various encounters with Indian beauty and fashion She examines a range of literature visual art and live performance such as novels by Bharati Mukherjee and Jhumpa Lahiri young adult literature performance art by Shailja Patel beauty and adornment practices as well as objects of popular culture including an Indian American fashion doll Reddy challenges fashion and beauty as a set of dematerialized overly commodified cultural practices She argues instead that beauty and fashion structure South Asian Americans' uneven access to social mobility capital and citizenship and she demonstrates their varying capacities to produce social attachments across national class racial gender and generational divides *Lies My Teacher Told Me* James W. Loewen,2018-07-17 Every teacher every student of history every citizen should read this book It is both a refreshing antidote to what has passed for history in our educational system and a one-volume education in itself Howard Zinn A new edition of the national bestseller and American Book Award winner with a new preface by the author Since its first publication in 1995 *Lies My Teacher Told Me* has become one of the most important and successful history books of our time Having sold nearly two million copies the book also won an American Book Award and the Oliver Cromwell Cox Award for Distinguished Anti-Racist Scholarship and was heralded on the front page of the New York Times For this new edition Loewen has added a new preface that shows how inadequate history courses in high school help produce adult Americans who think Donald Trump can solve

their problems and calls out academic historians for abandoning the concept of truth in a misguided effort to be objective. What started out as a survey of the twelve leading American history textbooks has ended up being what the San Francisco Chronicle calls an extremely convincing plea for truth in education. In *Lies My Teacher Told Me*, James W. Loewen brings history alive in all its complexity and ambiguity. Beginning with pre-Columbian history and ranging over characters and events as diverse as Reconstruction, Helen Keller, the first Thanksgiving, the My Lai massacre, 9/11 and the Iraq War, Loewen offers an eye-opening critique of existing textbooks and a wonderful retelling of American history as it should and could be taught to American students.
