

## Growth of Western Democracies: Section 1

### Progress Monitoring Transparency

Use the excerpt to answer the following questions.

By 1830, Whigs and Tories were battling over a bill to reform Parliament. The Whig Party largely represented middle-class and business interests. The Tory Party spoke for nobles, landowners, and others whose interests and income were rooted in agriculture.

Parliament finally passed the Great Reform Act in 1832. It redistributed seats in the House of Commons, giving representation to large towns and cities and eliminating rotten boroughs. It also enlarged the electorate, the body of people allowed to vote, by granting suffrage to more men. The Act did, however, keep a property requirement for voting.

The Reform Act of 1832 did not bring full democracy, but it did give a greater political voice to middle-class men. Landowning nobles, however, remained a powerful force in the government and in the economy.

Krason, 2009-05-20 The Public Order and the Sacred Order evaluates a range of contemporary social and political questions in light of Catholic social teaching philosophy great political thinkers and

America's founding tradition. It treats a wide range of topics including economics, education, free speech, abortion, church-state relations, American legal trends, international politics. Through discussions of these and other issues confronting contemporary American society, author Stephen M. Krason offers a scholarly social commentary, suggests means for a reconstruction of sound social and political thought, and calls for a renewal of American institutions, politics, and culture. The book is structured in three parts: Part I sets out foundational principles guided by Catholic social teaching, philosophical reasoning, Western political thought, and the American founding; Part II examines and evaluates the numerous issues in light of the principles set out in Part I; and Part III provides approaches to the issues, both general and specific policy ideas consonant with the foundational principles set out in Part I. There is also a volume of important Catholic Church documents, Supreme Court cases, and excerpts of important writings in the history of Western and American political thought that let the reader examine directly many documents discussed in the text of the book. Along with being a strong and focused defense of traditional Catholic approaches to the questions of our time, the vast array of material covered makes this book an invaluable reference for anyone interested in contemporary politics.
