Vastu Architecture Design Theory And Application For Everyday Life:

Vastu Architecture Michael Borden, 2011-09-16 This book about the science of Vastu was written as a simple and clear yet detailed exposition on the knowledge and basic technical applications for the design of secular Vastu buildings such as homes and offices Vastu Architecture provides the reader with a nuts and bolts explanation of how to create a solid structure that is in resonance with Earth Cosmic and Divine energies Being a fully illustrated book with around 100 simple clear and easy to interpret drawings the book is very accessible to a general audience and does not require any background knowledge in architectural design Also included are two complete floor plans that can be tailored for specific individuals in accordance with their birth stars Many other books about Vastu do not include an explanation of the technical knowledge of Vastu science and if they do they often present only a partial or an altogether incorrect account thereof This is not the case with Vastu Architecture as its technically rich yet layman accessible knowledge base provides the reader with all of the basic requirements to create a Vastu structure including a very clear chapter on how to use the Ayadi Calculations to get the Sacred Dimensions of a building This is not however a coffee table book it is rather a manual for the construction of special havens for the soul Also see the supplemental book in this series Vastu Architecture Project Plans and Illustrations Vol 1 by the same author

Vastu Architecture Michael Borden, Vastu Architecture Project Plans and Illustrations Volume 1 this book is a supplement to Mr Borden's first book on Vastu design protocols Vastu Architecture Design Theory and Application for Everyday Life This Illustrations book has 80 residential Vastu projects included The purpose of the book is to illustrate the variety of designs that can be achieved while still following the Vastu design protocols Projects range from small mini homes and yoga studios to very large complex mansions some of which include commercial spaces These plans can be used as a starting point for designing your own Vastu project The plans come from Mr Borden's 25 years of designing Vastu residences in conjunction with local architectural professionals worldwide They are suitable and adaptable for most regions of the world and can be modified as needed with the help of design consultation by Mr Borden to fulfill the specific needs of your project This book with the Design Theory book mentioned above constitutes an excellent library for anyone wanting to learn about the principles of India's Sacred Architecture Tradition Vastu Mr Borden's knowledge is based on his many years of research and study with one of India's most renowned and accomplished Vastu experts Dr V Ganapati Sthapati of Mahabalipuram Tamil Nadu

The Scope of Architectural Theory Jon Lang, 2025-06-03 This book comprehensively lays out the knowledge base required for architectural practice and education at a time when artificial intelligence AI algorithms are shaping the way architects think Architects with a desire to retain their creative role in the design of buildings and urban spaces must understand and articulate the theoretical bases of their work and what it can achieve This book provides a clear structure and outline of both the functional and procedural theoretical base for architects to employ in their work It offers an intellectually rigorous basis that allows architects to understand the evolution of architecture through history as well as the advocacies of individual architects It provides them with the scope of architectural theory necessary for designing for the future The book can be a valuable reference for researchers and professionals interested in architectural theory and allied fields

Domestic Mandala John Gray, 2017-03-02 A rich and fascinating ethnography of domestic architecture and activities among the high caste Chhetris of Kholagaun in Nepal this book focuses on the spatial organization everyday activities and ritual performances that generate and display Chhetri houses as mandalas sacred diagrams that are both maps of the cosmos and machines for revelation Describing the orientation and layout of the Chhetri house and surrounding compound it shows how the orientation and distribution of everyday social activities with the domestic mandala shape people s experience of the enigmas of their lifeworld as

householders and analyses the double significance of rituals that take place in the domestic mandala By treating the Nepali house as more than just the background of people s everyday life the author reveals the Chhetri everyday lifeworld as a revelation of Hindu tantric cosmology its enigmatic illusion and the path to liberation from it The themes addressed in the book make a unique contribution to the fields of anthropology architecture and human geography The Living Elements of Healthy Building Design Janus Welton Aia Bbei Architect,2007-06-14 Based on 15 years of wide ranging study THE LIVING ELEMENTS OF HEALTHY BUILDING DESIGN is the first in a series of guidebooks that accompany workshops of the same name to educate and clarify the impact of current building practices and materials on the indoor environment and human health in a form accessible to laypersons and professionals alike from homeowner to non technical designer To simplify and substantiate this wealth of information the author organizes the material through the lens of the Living Elements Earth Metal Water Wood Air and Fire emphasizing the interrelationship between human life the earth and the cosmos This reference and its companion volumes soon to be published supports the concept of Conscious Architecture an innovative and integrated model of architecture and design that inspires harmonious structures where natural elements purposefully intermingle with form color light and sound to create holistic and healthy buildings that contain and reflect the wholeness of nature and its expression in the human spirit **Selected Articles from the 8th International Conference on Architecture and Civil Engineering**

Elham Maghsoudi Nia,Mokhtar Awang,Mohamad Ferdaus Noor Aulady,Marina Traykova,Lin Yola,2025-07-06 This book highlights the latest research developments in civil engineering and architectural materials reflecting the innovative works presented at the 8th International Conference on Architecture and Civil Engineering and Technology ICACE 2024 held on 12 13 December at Parkroyal Hotel Penang Malaysia It provides an opportunity to explore cutting edge findings and advancements that are shaping the future of these fields By bringing together experts and scholars from around the world ICACE 2024 aims to promote collaboration and knowledge sharing contributing to the ongoing evolution of architecture and civil engineering *Religion, Heritage and the Sustainable City* Yamini Narayanan,2014-10-10 The speed and scale of urbanisation in India is unprecedented almost anywhere in the world and has tremendous global implications The religious influence on the urban experience has resonances for all aspects of urban sustainability in India and yet it remains a blind spot while articulating sustainable urban policy This book explores the historical and on going influence of religion on urban planning design space utilisation urban identities and communities It argues that the conceptual and empirical approaches to planning sustainable cities in India need to be developed out of analytical concepts that define local sense of place and identity Examining how Hindu religious heritage beliefs and religiously influenced planning practices have impacted on sustainable urbanisation development in Jaipur and Indian cities in general the book identifies the challenges and opportunities that ritualistic and belief resources pose for sustainability It focuses on three key aspects spatial segregation and ghettoisation gender inclusive urban development and the nexus between religion nature and urban

development This cutting edge book is one of the first case studies linking Hindu religion heritage urban development women and the environment in a way that responds to the realities of Indian cities It opens up discussion on the nexus of religion and development drawing out insightful policy implications for the sustainable urban planning of many cities in India and elsewhere in South Asia and the developing world

Home Alison Blunt, Robyn Dowling, 2022-05-30 Home articulates a critical geography of home in which home is understood as an emotive place and spatial imaginary that encompasses lived experiences of everyday domestic life alongside a wider and often contested sense of being and belonging in the world Engaging with the burgeoning cross disciplinary interest in home since the first edition was published this significantly revised and updated second edition contains new research boxes illustrations and contemporary examples throughout It also adds a new chapter on Home and the City that extends the scalar understanding of home to the urban The book develops the conceptual and methodological underpinnings of a critical geography of home drawing on key feminist postcolonial and housing thinkers as well as contemporary methodological currents in non representational thinking and performance The book s chapters consider the making and unmaking of home across the domestic scale house as home the urban city as home national nation as home and homemaking in relation to transnational migration and diaspora Each chapter includes illustrative examples from diverse geographical contexts and historical time periods Chapters also address some of the key cross cutting dimensions of home across these scales including digital connectivity art and performance more than human constructions of home and violence and dispossession The book ends with a research agenda for home in a world of COVID 19 The book provides an understanding of home that has three intersecting dimensions that material and imaginative geographies of home are closely intertwined that home power and identity are intimately linked and that geographies of home are multi scalar This framework the examples used to illustrate it and the intended audience of academics and students across the humanities and social sciences will together shape the field of home studies into the future
