Vanity Fair and the Celestial City Isabel Rivers, 2018-07-25 In John Bunyan's *The Pilgrim's Progress* the pilgrims cannot reach the Celestial City without passing through Vanity Fair where everything is bought and sold In recent years there has been much analysis of commerce and consumption in Britain during the long eighteenth century and of the dramatic expansion of popular publishing Similarly much has been written on the extraordinary effects of the evangelical revivals of the eighteenth century in Britain Europe and North America But how did popular religious culture and the world of print interact It is now known that religious works formed the greater part of the publishing market for most of the century What religious books were read and how Who chose them How did they get into people's hands *Vanity Fair and the Celestial City* is the first book to answer these questions in detail It explores the works written edited abridged and promoted by evangelical dissenters Methodists both Arminian and Calvinist and Church of England evangelicals in the period 1720 to 1800 Isabel Rivers also looks back to earlier sources and forward to the continued republication of many of these works well into the nineteenth century The first part is concerned with the publishing and distribution of religious books by commercial booksellers and not for profit religious societies and the means by which readers obtained them and how they responded to what they read The second part shows that some of the most important publications were new versions of earlier nonconformist episcopalian Roman Catholic and North American works The third part explores the main literary kinds including annotated bibles devotional guides exemplary lives and hymns Building on many years research into the religious literature of the period Rivers discusses over two hundred writers and provides detailed case studies of popular and influential works

A Boy's Civil War Story: Annotated and with Illustrations Charles Nagel, From the original fly leaf A distinguished American statesman and member of the bar known chiefly heretofore as the Secretary of Commerce and Labor in the Cabinet of President Taft as director in important enterprises and as counsel for various corporations and individuals here makes his bow as author at the fine age of nearly 88 of a good book giving his recollections of life as it was lived and war as it was waged in the days of 1861 to 1865 during the conflict between the States A penetrating pen picture of things and places that few persons living today have experienced for themselves and that still fewer are now capable of recollecting Mr Nagel's book also takes the happy reader to the Germany of student days where as a young man the author entered the University of Berlin which later was to confer on him the honorary degree as Doctor of Political Science Known not less for his good works than for his great accomplishments the present modest memoir will afford the reader both information and pleasure and put in permanent form a record of days and ways that will not come again This edition has
