

# Graduation Valedictorian Speech Format

Today is a turning point in each of our lives. We have spent the past years wandering the halls of this great school and now we are ready to go on.

We have learned, laughed, loved, gotten into trouble, and most of all matured together. But today doesn't just concern reminiscing about the past; it's also about looking forward into our future.

Life is a series of passageways, and we are leaving one and moving on to the next. When we reach that daunting place next year that has been our destination for three years now, we will start over.

We will meet new people, make new friends, and learn new things. We will grow older, more responsible, and independent. Then, the cycle begins again in college, and after that, we are left to traverse the unmapped expanse that is our future.

Hereafter our lives will hold many surprises for us, but I'm sure that we will approach challenges with the same boldness and equanimity with which we tackle problems currently. The unknown of our future may seem frightening now, looming over us like a dark thundercloud, but we might find that it is just a light, spring rain that brings the tidings of a rainbow.

As I look over the many faces I behold today, perceptions of individuals are washed away. I no longer see people as they were; I see them as they will be. So, rather than a young boy, failing all his classes, I see the next Einstein, making revolutionary discoveries. I know that this amphitheatre holds the next decade's great business leaders, doctors, politicians, scientists, and stars, and that all of these graduates will contribute to the fabric of the future in some way.

So when looking at the bright horizon that is my future, I am happy. For although my life will contain sadness and heartbreak, it will also hold joy, love, and success. And I know my classmates' will too. So don't look back, and regret, my friends, look forward, and smile.

*Ignition* Matthew L. Moseley, 2021-06-01 *Ignition* is a book of dispatches from the frontlines of communication strategy. Matthew L. Moseley draws on his eclectic life experiences to investigate the link between success and effective communication. Whether he's choreographing a fine dining experience at the top restaurant in America, using rock stars to register voters, helping a national chain save its reputation after a gaffe goes viral, or serving as media liaison at the epic ash blast send-off for author Hunter S. Thompson, Moseley identifies the principles that guide communication strategies toward their goals. In extensive interviews with a wide variety of experts including authors, fighter pilots, business leaders, politicians, and astrophysicists, Moseley tests these principles, teases out new provocative ideas, and anticipates how forming stronger connections will help us address today's greatest challenges. Though it tackles serious subjects, it offers an illuminating perspective on the evolution of human discourse and shares important insights on interpersonal relations. *Ignition* is also a good fun read. A broad range of colorful anecdotes gives this book of philosophical wisdom and practical advice the zest of a juicy memoir.
