The Software Encyclopedia, 1986 American Book Publishing Record Cumulative, 1950-1977 R.R. Bowker Company. Department of Bibliography, 1978 *Who's who in Finance and Industry*, 1995 *Writer's Directory* Saint Martins Press Inc, 1994 **Books In Print 2004-2005** Ed Bowker Staff, Staff Bowker, Ed, 2004 **Network Marketers Manual** Anthony Morell, David Morell, 2019-10-28 The idea of network marketing is sold as a tool to make money based on an individual's own sales as well as sales from those recruited by the individual. Preparing one's self mentally is actually the biggest part and contributing factor to the ultimate success of the internet marketing foray as well as the correct tools and knowledge. 15 Secrets Every Network Marketer Must Know (Summary) John Terhune, 2008 getAbstract Summary Get the key points from this book in less than 10 minutes. Network marketing is a tough business. While 15 presentations a month is the minimum you should make, some successful marketers make 25 or more presentations each month. You have to be able to cope with rejection. Your success depends on how other people perform even though they have varying degrees of motivation. But despite the 85% attrition rate in network marketing, those who persevere can make large incomes that justify the long hours and stress. Network marketing is not rocket science. The basics are easy to learn which explains why the authors have written an essentially inspirational motivational book. Its 15 chapters correspond to the 15 secrets but the sections get repetitive. Despite these limitations, getAbstract found this manual practical for dedicated network marketers.
