

# ANESTHESIOLOGY PROGRAM LETTER OF RECOMMENDATION SAMPLE

*Dear program director,*

Working with Regine Louise at Orlando Health Medical Center was one of the most pleasing times. Together with other medical practitioners, they were able to design appropriate treatment plans for different patients under my supervision, something that made me to enjoy my work. It was always a joy to work in a team that was innovative, creative and at the same time hardworking. I feel it important to speak on behalf of Regine, who is applying to a master's program in anesthesiology in your prestigious institution.

Regine researched the best treatment methods, which triggered the minds of other staff to think beyond what they learned in medical school. Due to this, she was able to understand various diseases, which resulted in attending to patients with high level of precision. Although attending to a diverse population of patients has challenges, she was able to comprehend the problem of every infirm, and came up with a solution.

Furthermore, she worked as a medical assistant, with responsibilities of documenting patients' history, administering tests, among others. She was able to make independent decisions in formulating the treatment plan. In the same vein, Regine practiced as a pediatric resident, a primary care physician and attended observership, internship, and externship. She talked to patients for hours, connecting with them on a personal level and listening to their life stories. The roles make her an ideal candidate for this anesthesiology program.

I feel more honored to forward my opinions regarding Regine to you, and it's my great hope that she will get admission in your institution. Her academic qualifications and experiences are unparalleled, which makes me recommend her without hesitation.

Sincerely,  
Dr.Erick
