Documentation for Rehabilitation - E-Book Lori Quinn, James Gordon, 2024-04-12 Better patient management starts with better documentation. *Documentation for Rehabilitation* 4th Edition demonstrates how to accurately document treatment progress and patient outcomes using a framework for clinical reasoning based on the International Classification for Functioning, Disability and Health (ICF) model adopted by the American Physical Therapy Association (APTA). The documentation guidelines in this practical resource are easily adaptable to different practice settings and patient populations in physical therapy and physical therapy assisting. Realistic examples and practice exercises reinforce the understanding and application of concepts, improving skills in both documentation and clinical reasoning. Workbook/textbook format with examples and exercises in each chapter helps reinforce understanding of concepts. Coverage of practice settings includes documentation examples in acute care, rehabilitation, outpatient, home care, nursing homes, pediatrics, school, and community settings. Case examples for a multitude of documentation types include initial evaluations, progress notes, daily notes, letters to insurance companies, Medicare documentation, and documentation in specialized settings. **NEW** Movement Analysis Linking Activities and Impairments content addresses issues related to diagnosis. **NEW** An eBook version included with print purchase provides access to all the text, figures, and references with the ability to search, customize content, make notes, and highlights, and have content read aloud. Updated case examples provide clinical context for patient documentation. Revised content including updated terminology from the latest updates to the *Guide to Physical Therapist Practice* provides the most current information needed to be an effective practitioner. Updated references ensure content is current and applicable for today's practice.

Assessment in Speech-Language Pathology Kenneth G. Shipley, Julie G. McAfee, 2019-10-25 This thoroughly updated sixth edition of the best-selling text *Assessment in Speech-Language Pathology* remains an invaluable resource for instructors, students, and clinicians. The book covers the diagnosis and evaluation of a wide range of communication disorders in adults and children. This one-of-a-kind manual provides a comprehensive package of reference materials, explanations of assessment procedures, practical stimulus suggestions, and hands-on worksheets and screening forms. The highly practical resource is separated into four easy-to-navigate sections: Part I highlights preparatory considerations; Part II includes procedures and materials for obtaining, interpreting, and reporting assessment information; Part III provides materials and suggestions for assessing communicative disorders; Part IV presents a quick reference section providing information on hearing considerations and medical diagnoses. This must-have sixth edition reflects the latest research, best practices, and important trends and developments for assessment in speech-language pathology. **New to the Sixth Edition:** Updated content throughout to reflect current research and practice; New chapter on Selective Mutism; New section covering the assessment of transgender voice; Updated Sources of Additional Information in every chapter with addition of recommended mobile applications for speech-language assessment. **Key Features:** Full color design with images.

charts and illustrations to engage readers and display key concepts Each chapter concludes with practical forms including worksheets checklists and additional sources of information Glossary of key terms Chapter tabs with separate colors for quick and easy access
