The system of education includes all institutions that are involved in delivering formal education (public and private, for-profit and nonprofit, onsite or virtual instruction) and their faculties, students, physical infrastructure, resources and rules. In a broader definition the system also includes the institutions that are directly involved in financing, managing, operating or regulating such institutions (like government ministries and regulatory bodies, central testing organizations, textbook boards and accreditation boards). The rules and regulations that guide the individual and institutional interactions within the set up are also part of the education system. Pakistan has expressed its commitment to promote education and literacy in the country by education policies at domestic level and getting involved into international commitments on education. In this regard national education policies are the visions which suggest strategies to increase literacy rate, capacity building and enhance facilities in the schools and educational institutes. MDGs and EFA programmes are global commitments of Pakistan for the promotion of literacy. We are watching that standard of Education system in Pakistan is worst of its kind and if it will not change, Economy of Pakistan will go down daily and Pakistan cannot become Fully developed country until the System and structure of Education is improved or totally changed.
