**Documentation (content)** - Proper code assignment is determined both by \_\_\_\_\_ in the medical record and by the unique rules that govern each code set in that instance

**An auditor** - The role a coder may take on to verify that the documentation supports the codes the physician has selected

**Query the physician** - If the medical record is inaccurate or incomplete, it will not translate properly to the language of codes. What can a coder do in order for the medical record to be complete and accurate so they can bill properly?

**Quarterly (usually)** - How often are codes and insurance payment policies updated?

**NPP** - Non-Physician Provider (also known as mid-level providers or physician extenders)

**PA** - Physician assistant

**NP** - Nurse practitioner

**Commercial and Government** - The two types of primary insurances

**Commercial Carriers** - Private payers that may offer both group and individual plans

**Medicare** - The most significant government insurer; a federal health insurance program

**People over 65, blind or disabled individuals, and people with permanent kidney failure or end-stage renal disease** - Medicare provides coverage for what kind of people?
