

# INTERVIEW QUESTIONS AND ANSWERS EXAMPLES

## Tell Me A Little Bit About Yourself

I am a student of human behaviour and have excelled in all of my studies due to my passion and dedication. I am a hard working individual who thrives from gaining new experiences and information. My interests outside of my professional life include yoga, golf and reading and I am currently doing some volunteer work for a charity which helps victims of crime. I am extremely punctual and pride myself on exceptional manners and kindness.

## What Is The Reason For Leaving Your Previous Job?

I spent three years working for (company name) where I gained a lot of knowledge which complimented my studies. However, I feel that there are no further challenges for me within my current role and so am looking to broaden my horizons and join a new company where I can provide new ideas and meet new challenges. I thoroughly enjoyed my time working for (company name) and it will be sad to leave them behind but exciting to begin a new chapter in my career.

## What Salary Are You Expecting?

I am aware that this particular role usually involves a salary around \$50,000, however, I feel that this figure could be negotiated based on my experience and education level.

## What Goals And Ambitions Do You Have For The Future?

My main goal in applying for this position of Psychologist is to help people. The reason that I entered into this career was to make a difference to those who I work with and to bring new techniques to the forefront. My passion for people has evolved over time and I am looking to form new professional relationships through which, new ideas and research can be shared. I am striving to further my knowledge on human behaviour and successfully apply this to my patients.

## Why Are You The Best Candidate For This Position?

I believe that I am the best candidate for this role because of my dedication to my work. For me, my career is the most important thing in my life and this has been proven time and time again through the results I have produced. You need someone who is going to demonstrate passion and determination and by hiring me, this is exactly what you will be getting. This is not simply a job to me, this is a way of life.

## What Are Your Main Weaknesses?

The one weakness that I found that I have over the last few years is my lack of IT skills. Unfortunately, I did not see this as important when I first began my journey in my career. I found that I was regularly having to ask for help when it came to computer based work and so I decided that this needed to change. I, therefore, began two online courses in the field of IT and as such drastically improved my skills.

## What Strengths Do You Have That Would Benefit The Company?

I believe that my biggest strength is my ability to listen. I feel that this is extremely important in my role and enables me to understand people better. I also believe that I have excellent communication skills which will not only benefit my patients but also those with whom I am working. I am also an extremely innovative person who is continually coming up with new ideas and ways of doing things which, I believe will greatly benefit your company.

## What Can You Tell Me About (Company Name?)

123 Company was founded in 1972 by a passionate doctor who wanted to provide private mental health care at an affordable rate. He had a passion for people and spent his life dedicated to this cause. When he passed away in 2004, his son took over the business and has brought it to new heights with the incorporation of a respite centre which has not only been beneficial to the patients but has also created many new jobs in the field of nursing. The company also works alongside mental health charities providing free care to those who are unable to afford care by themselves and this included centres for the homeless and vulnerable.

**Job Interview Guide** Blaine Robertson,2023-07-26 An interview is key part of a job search and an applicant skilled in dealing with interviews is the most likely candidate to receive the job offer While the resume and the cover letter are the basic components of a job application the interview is the final stage of

screening and offers you a chance to show employers that you are more than just your education and job history. An interview is not the time to see how well you can answer questions on the spot and preparation is key to ensuring the interview is a success. This is the time to convince the employer that your strengths, qualifications, and achievements make you the right person for the job. Preparation involves researching the organization and job, planning appropriate answers to the most commonly asked questions, and polishing your skills, especially the ones needed for good communication. This book explains everything you need to know about interviewing. It covers every detail from body language to attire and first interview to second interview. It also includes a comprehensive list of questions along with suggestions on how to answer them the right way. Several techniques including the STAR and CAR methods are discussed at length. Above all, it provides sample answers to all the most popular job interview questions in 2019.

*The Interview Question & Answer Book* James Innes, 2015-11-10

Take the fear out of your interview and never be stuck for the right answer to even the toughest questions with *The Interview Question and Answer Book*. [Interview Answers in a Flash](#) Pat Criscito, Dee Funkhouser, 2006. The interview is often the most important step in job hunting and solid preparation often spells the difference between a job offer and a friendly good-bye handshake. This book, each page in the form of a Q & A flashcard, offers ideal preparation for that big interview. Questions likely to be asked by an interviewer are printed on one side, with proven answers printed on the reverse. The book is designed so that pages can be pulled out, selected, and shuffled according to need and used as flashcards for practice. Interviewers are notorious for asking a wide range of questions, and this book covers virtually all of them with 200 Q & A cards that fall into a variety of categories. For instance, Work and Education questions: What have you done? Why did you leave your last job? What did you like most about your last job? What did you like least about it? Have you ever been fired? What is your management style? and many more. Skills and Competencies questions: What can you do? Describe a challenging work issue you had to face. How do you handle an angry employee? and many more. Personality Goals questions: Who are you? What makes you a good team member? Where do you see yourself five years from now? and many more. Behavioral/Situational questions: Can you tell a story? Tell me about a time when you had to juggle priorities to meet a deadline? and many more. Job Fit questions: Are you a match? How would you describe your ideal work environment? What aspects of the job will you like least? and many more. Torture/Trick questions: Can you take the heat? Why should we hire you for this position? What do you expect your starting salary to be? How do I rate as an interviewer? The reverse side of each card tells why the question is asked, presents sample responses, and allows space to customize an answer. Here is an unusual and effective job hunting tool that will be valued by job applicants, career coaches, counselors, and college placement offices.
