ASSIGNMENT GOALS

This assignment has three interrelated goals:

1. To ask you to take on a sophisticated research project, working with both primary and secondary sources, on a subject related to the intersection of gender and technology.
2. To encourage you to develop skills in delivering complex research effectively in written form.
3. To help you develop skills in presenting a powerful and articulate argument about a topic, using evidence to substantiate your claims.

DETAILED ASSIGNMENT

All PWR 2 students are required to complete an extended piece of academically rigorous research writing, designed to reinforce the skills learned in PWR: research strategies; deliberate use of rhetoric; clear and forceful argumentation.

Your research paper should include an **argumentative thesis** that represents your own claims about your topic. This thesis should be supported by evidence derived from both primary and secondary research. You should utilize at least 12 sources and, as applicable, fieldwork (interviews, surveys, etc.) -- in many cases, you

Cioffi, 2017-12-11 More than merely a writing text The Imaginative Argument offers writers instruction on how to use their imaginations to improve their prose Cioffi shows writers how they can enliven argument the organizing rubric of all persuasive writing by drawing on emotion soul and creativity the wellsprings of imagination While Cioffi suggests that argument should become a natural habit of mind for writers he goes still further inspiring writers to adopt as their gold standard the imaginative argument the surprising yet strikingly apt insight that organizes disparate noises into music that makes out of chaos chaos theory Rather than offering a model of writing based on established formulas or templates Cioffi urges writers to envision argument as an active parsing of experience that imaginatively reinvents the world Cioffi s manifesto asserts that successful argument also requires writers to explore their own deep seated feelings to exploit the fuzzy but often profoundly insightful logic of the imagination But expression is not all that matters Cioffi s work anchors itself in the actual Drawing on Louis Kahn s notion that a good architect never has all the answers to a building s problems before its physical construction Cioffi maintains that in argument too answers must be forged along the way as the writer inventively deals with emergent problems and unforeseen complexities Indeed discovery imagination and invention suffuse all stages of the process The Imaginative Argument offers all the intellectual kindling that writers need to ignite this creativity from insights on developing ideas to avoiding bland

assertions or logical leaps It cites exemplary nonfiction prose stylists including William James Ruth Benedict and Erving Goffman as well as literary sources to demonstrate the dynamic of persuasive writing Provocative and lively it will prove not only essential reading but also inspiration for all those interested in arguing more imaginatively more successfully This edition features new chapters that cover the revision process in greater depth as well as the particular challenges of researching and writing in the digital age such as working with technology and avoiding plagiarism The book also includes new sample essays an appendix to help instructors use the book in the classroom and much more

The Argument Handbook K. J. Peters, 2018-11-15. The Argument Handbook is a classroom text for first year composition that is designed to help students understand complex rhetorical situations and navigate the process of transforming private thoughts into persuasive public writing. The book is organized around three key lenses of argumentation that help students focus on the practical challenges of persuasive writing: invention, audience, and authority. Its modular organization makes it easier for students to find what they need and easier for instructors to assign the content that fits their course.

Perspectives on Argument Nancy V. Wood, 2007. This combination rhetoric reader helps readers develop strategies for critical reading, critical thinking, research, and writing that will help them argue clearly and convincingly. It teaches them to identify and develop arguments to read and form reactions and opinions of their own to analyze an audience to seek common ground and to use a wide realistic range of techniques to write argument papers that express their individual views and original perspectives on modern issues. The Rhetoric portion includes clear explanations and examples of argument theory and reading and writing processes, research and documentation skills, and offers engaging class-tested writing assignments and activities. The Reader portion includes 75 reading selections covering seven broad issue areas and 18 more focused areas, all of contemporary concern. Unique chapters discuss argument styles: Rogerian argument and argument and literature. Material covered includes engaging with argument for reading and writing, understanding the nature of argument for reading and writing, writing a research paper that presents an argument, and visual and oral argument. Readings cover a range of issues including those concerning families and relationships, education, crime, and the treatment of criminals, race, culture, and identity, freedom, war, and issues concerning the future. For anyone interested in a clear presentation of argument theory applied to written, visual, and oral forms.
