

# *Prayer For A Middle School Graduation Party*

God, my parents are having a graduation party for me as I end my time in middle school and prepare to go to high school next year.

I don't really want to go but my parents are making a big deal about it and I don't want to hurt their feelings.

While I am so glad to be done with middle school, I am already feeling anxious about high school and it doesn't even start for another three months. Maybe this party will help me be able to talk to some of my friends and see how they're feeling about it all.

I just don't want this party to be lame. I don't know if that's something I can pray for, but I know You hear me when I pray, so that's what I pray, in the name of Jesus, Amen.

**God in the Classroom** R. Murray Thomas, 2007-01-30 To help readers gain a better understanding of conflicts over the proper role of religion in American public schools this book focuses on the seven major types of conflicts that have become particularly confrontational Thomas does not take sides rather he lays out the arguments their historical and cultural contexts and the groups that debate them and their goals Anyone wishing to gain a better understanding of the controversies surrounding religion in American schools will find here not just a review of the issues but a deeper consideration of the causes consequences and future of the debates Conflicts over the proper role of religion in schools and particularly in public schools supported by tax monies are frequently featured in news reports For example in the United States there currently are conflicts over the teaching of evolution inserting the word God in the pledge of allegiance conducting school holiday celebrations posting the biblical Ten Commandments in schools and praying at school functions People who are interested in such controversies often or perhaps usually fail to understand the historical backgrounds to the conflicts and therefore do not recognize the very complex factors that affect why the controversies become so heated To help readers gain a better understanding of such matters this book focuses on the seven major types of conflicts that have become particularly confrontational during the first decade of the twenty first century The cases on which the chapters focus concern issues that currently are being hotly debated in America Controversies are described in relation to their historical origins and the author shows how the history affects current understanding of the issues Thomas does not take sides in the arguments rather he lays out the arguments their historical and cultural contexts and the groups that debate them and their goals Anyone wishing to gain a better understanding of the controversies surrounding religion in American schools will be happy to find here not just a review of the issues but a deeper consideration of the causes consequences and future of the debates and the role of religion in our public schools

**Please Don't Wish Me a Merry Christmas** Stephen M Feldman, 2023-11-21 Whether in the form of Christmas trees in town squares or prayer in school fierce disputes over the separation of church and state have long bedeviled this country Both decried and celebrated this principle is considered by many for right or wrong a defining aspect of American national identity Nearly all discussions regarding the role of religion in American life build on two dominant assumptions first the separation of church and state is a constitutional principle that promotes democracy and equally protects the religious freedom of all Americans especially religious outgroups and second this principle emerges as a uniquely American contribution to political theory In Please Don't Wish Me a Merry Christmas Stephen M Feldman challenges both these assumptions He argues that the separation of church and state primarily manifests and reinforces Christian domination in American society Furthermore Feldman reveals that the separation of church and state did not first arise in the United States Rather it has slowly evolved as a political and religious development through western history beginning with the initial appearance of Christianity as it contentiously separated from Judaism In tracing the historical roots

of the separation of church and state within the Western world Feldman begins with the Roman Empire and names Augustine as the first political theorist to suggest the idea Feldman next examines how the roles of church and state variously merged and divided throughout history during the Crusades the Italian Renaissance the Protestant Reformation the British Civil War and Restoration the early North American colonies nineteenth century America and up to the present day In challenging the dominant story of the separation of church and state Feldman interprets the development of Christian social power vis vis the state and religious minorities particularly the prototypical religious outgroup Jews **Persecution** David
