The Political Arrays of American Indian Literary History James H. Cox, 2019-09-17 Bringing fresh insight to a century of writing by Native Americans The Political Arrays of American Indian Literary History challenges conventional views of the past one hundred years of Native American writing bringing Native American Renaissance and post Renaissance writers into conversation with their predecessors Addressing the political positions such writers have adopted explored and debated in their work James H Cox counters what he considers a flattening of the politics of American Indian literary expression and sets forth a new method of reading Native literature in a vexingly politicized context Examining both canonical and lesser known writers Cox proposes that scholars approach these texts as political arrays confounding but also generative collisions of conservative moderate and progressive ideas that together constitute the rich political landscape of American Indian literary history Reviewing a broad range of genres including journalism short fiction drama screenplays personal letters and detective fiction by Lynn Riggs Will Rogers Sherman Alexie Thomas King Leslie Marmon Silko Louise Erdrich Winona LaDuke Carole laFavor and N Scott Momaday he demonstrates that Native texts resist efforts to be read as advocating a particular set of politics Meticulously researched The Political Arrays of American Indian Literary History represents a compelling case for reconceptualizing the Native American Renaissance as a literary historical constellation By focusing on post 1968 Native writers and texts argues Cox critics have often missed how earlier writers were similarly entangled hopeful frustrated contradictory and unpredictable in their political engagements *Federal Register*, 2013
