iconoclastic It attempts to change the popular perception created by certain groups or individuals around the oil and gas sector controversies It explains how certain political and corporate elements took advantage of the confusion to pursue their self interests What was perceived as black was in fact not so dark and what was felt completely white had shades of gray So far people had been shown only 180 degree of the oil and gas controversies This book brings up the other side of the picture which was hitherto hidden This is an attempt to complete the circle so that reader can form a 360 degree picture *Annual Report* Western Australia.
