## Remembering My Creator Since My Youth:

Remembering My Creator Since My Youth David Anderson, 2014-08-01 As its title implies this book is the outcome of a lifelong application of Ecclesiastes 12:1. It is not primarily about the science versus the Bible debate but about the more important matter of what the Bible the Word of God teaches about creation and the need for 21st century Christians to stand for this teaching in an increasingly materialistic and secular world marked by aggressive and hostile atheism. Science at its best is only relative truth for today and may be proved wrong tomorrow but Scripture is absolute truth which abides forever. As a teenager the author experienced the penetrating effect of God's Word and after a career of over forty years as a practising industrial chemist he remains as convinced as ever of the accuracy and inerrancy of the Bible. As the uniquely reliable source of truth about all matters of the Christian faith it should be no surprise that it clearly addresses the issues relating to the origins of the universe, the world and life itself. Indeed creation is a bedrock under the whole of Bible truth. To deny, question or even modify the Genesis account is to challenge the truth of God. It is by faith that Christians understand that the universe was created by the word of God. So what must I believe about creation? This apologia for the biblical view attempts to answer that crucial question. **The Great Army, Sketches of Life and Character in a Thames-Side**

It is a realization that other parents have traveled the same road and that sharing this story may help others to cope with their loss as well. The memories of her life during her illness are often excruciating to a father who struggled with the lack of power to make her whole. He and his wife still discuss the events of those days that are imprinted in his mind. Throughout the book he carries on a day at a time reconstructing and analyzing his lack of knowledge and power to cure his daughter's illness. He travels through memories from the time she was a young lady to the time she took her last breath. He recalls how happy she was when she got married. He thinks about the time she became a mother and how much she cared for her sons. He remembers the day his wife called him at work and gave him the bad news that Tina had cancer of the tongue. He marvels at his daughter's determination to overcome her illness all the way to the end of her life. **Works** George Swinnock, 1868 *Signs of the Times, and Doctrinal Advocate and Monitor*
