Automatic mode

The automatic climate control system guarantees comfort in the passenger compartment and good visibility (except in the event of extreme conditions), while optimising consumption. The system controls the ventilation speed, air distribution, air recirculation, and starting and stopping the air conditioning and air temperature.

This mode consists of a choice of three programmes:

NORMAL : allows the selected comfort level to be best attained, depending on the exterior conditions. Press button 4 or key 9.

SOFT: reaches the desired comfort level more gently and silently. Press button 8.

FAST: increases the flow of air in the passenger compartment. This mode is recommended in particular to optimise comfort in the rear seats. Press button 10.
