Assessment and Documentation in Early Childhood Education Maarit Alasuutari, Ann-Marie Markström, Ann-Christine Vallberg-Roth, 2014-01-21 Documentation in early childhood education is typically seen as a means to enhance the quality of care and education and as a way to take account of the child's view. Assessment and Documentation in Early Childhood Education considers the increasing trend towards systematic child documentation especially in early childhood institutions. The authors present ways in which assessment and evaluation is done sometimes explicitly but more often implicitly in these practices and explore its means, aims, forms and functions. They also examine the rationalities of child documentation from the perspective of professional practice and professionalism and suggest that documentation and assessment practices can weaken and constrain but also empower and strengthen teachers, children and parents. Topics explored include Different forms of documentation and assessment, Documentation and listening to the children, Dilemmas of assessment and documentation, Participation by children, Involvement of parents. This timely book will be appealing for those studying in the field of early childhood education, teacher education, special education, general education, social work, counselling, psychology, sociology, childhood studies and family studies. *Advancing Knowledge and Building Capacity for Early Childhood Research* Sharon Ryan, M. Elizabeth Graue, Vivian L. Gadsden, Felice J. Levine, 2021-01-20 This volume employs a multidisciplinary approach to research on a high profile topic very much on the agenda of state and national policy leaders: early childhood development and education. It aims to reflect how scholarly perspectives shape the contours of knowledge generation and to illuminate the gaps that prevent productive interchange among scholars who value equity in the opportunities available to young children, their families and teachers/caregivers. The editors and authors identify and prioritize critical research areas, assess the state of the field in terms of promising research designs and methodologies and identify capacity building needs and potential cross group collaborations. **Quality Matters in Early Childhood Education and Care: Portugal 2012** Taguma Miho, Litjens Ineke, Makowiecki Kelly, 2012-07-27 This book focuses on quality issues in early childhood education and care in Portugal. **Quality Matters in Early Childhood Education and Care: Sweden 2013** Taguma Miho, Litjens Ineke, Makowiecki Kelly, 2013-02-05 This book focuses on quality issues in early childhood education and care in Sweden. *Quality Matters in Early Childhood Education and Care: Czech Republic 2012* Taguma Miho, Litjens Ineke, Makowiecki Kelly, 2012-04-19 This series of country reports focuses on quality issues in early childhood education and care. **Quality Matters in Early Childhood Education and Care: New Zealand 2012** Taguma Miho, Litjens Ineke, Makowiecki Kelly, 2012-08-02 This book focuses on quality issues in early childhood education and care in New Zealand.
