Says The Report Card That Hangs:

They Took My Life and Left Me to Hang Jamil V. Ellison, 2007-03-21 Have you ever felt that no matter what you did or what you said concerning anything that mattered your words weren't even taken into consideration? Let's say that you have children and you're trying to raise them the way you know the right way. Then you turn around and someone else is raising your kids and you know it's wrong but you have no control. Or maybe you take your kids to a friend's home for the week and never call or check. You come back to get them and you find yourself attending their funeral. It was neglect that wore DiPetri's childhood away. His life was turmoil, never having the chance to do anything for himself in a good way, no choice to make but bad. He had done things through operant learning, knowing that every action had a reaction and the anticipation of the reaction. Do something wrong and you get to meet someone that was what it seemed like. Being a part of DYFS has hindered him in so many ways. Never having their help or them being there for him. They took everything from him, including his dignity and purpose for living. They had the audacity to not allow his parents full parental control when DYFS wasn't doing anything for him. DiPetri felt dead to the world, never knowing what his next step was, never understanding what's in line for him. His life was not determined by his actions or behaviors but yet a mere piece of paper. He felt like a lab rat, so much neglect and research done on him and his life. He was just waiting until the end when enough is enough and his body can't take anymore and shuts down.

The Street Stops Here Patrick McCloskey, 2010-10-30 A harrowing, honest and often moving story. Andrew Greeley McCloskey shows how challenging it is to succeed under adverse circumstances; how tenuous are the victories; how relentless are those who wage the battle to overcome the historic disadvantages of their students. Diane Ravitch, New York University. Sheds light on important issues cutting across all city schools. Joseph P. Viteritti, author of *Choosing Equality*.

The History of Bones John Lurie, 2023-10-24 The quintessential depiction of 1980s New York and the downtown scene from the artist, actor, musician and composer John Lurie. A picaresque roller coaster of a story with staggering amounts of sex and drugs and the perpetual quest to retain some kind of artistic integrity. The New York Times. In the tornado that was downtown New York in the 1980s, John Lurie stood at the vortex. After founding the band The Lounge Lizards with his brother Evan in 1979, Lurie quickly became a centrifugal figure in the world of outsider artists, cutting edge filmmakers and cultural rebels. Now Lurie vibrantly brings to life the whole wash of 1980s New York as he developed his artistic soul over the course of the decade and came into orbit with all the prominent artists of that time and place, including Andy Warhol, Debbie Harry, Boris Policeband and especially Jean-Michel Basquiat, the enigmatic prodigy who spent a year sleeping on the floor of Lurie's East Third Street apartment. It may feel like Disney World now, but in *The History of Bones*, the East Village through Lurie's clear-eyed reminiscence comes to teeming, gritty life. The book is full of grime and frank humor. Lurie holds nothing back in this journey to one of the most significant moments in our cultural history, one whose reverberations are still strongly felt today. History may repeat itself, but the way downtown New York happened in the 1980s
