Recharge Your Team Jay W. Vogt, 2008-11-30 As most managers know you need a vision to motivate employees to achieve goals But people and companies lose focus and the future appears hazy People say We're getting stale or I just don't know where we're headed Leaders know they need a vision to bring people together And they know a good vision will renew enthusiasm and commitment But waiting for inspiration rarely works sometimes you need a vision now But how *Recharge Your Team* not only shows managers how to create an effective vision it shows how to do it in as little as four hours using a time tested proven approach Traditionally companies call in consultants to help create a vision Experts can help for 4 000 per day plus expenses And then there's the time involved Visioning efforts can take months This book offers a less expensive faster method Called Grounded Visioning and based on a concept called appreciative inquiry the process allows groups to come up with a revitalizing vision that everyone buys into in half a day or less How As this book shows the

key is to be sure everyone takes part to base the vision on how the team acts when at its best and to imagine a vision bold enough to inspire but practical enough to feel achievable This book covers the six quick but essential steps that ensure such results with small teams or large groups And any manager not just trainers or HR people can lead a successful Grounded Visioning session Grounded visioning is a breakthrough concept of breathtaking simplicity and power that any leader can put to use today It works because it frees employees to share their dreams hopes and aspirations As they soar a vision naturally arises that recharges the team

Reinventing Government David Osborne, Ted Gaebler, 1993-02-01 A landmark in the debate on the future of public policy The Washington Post **Army RD & A.**, 1997 Professional publication of the RD A community **Co-Create** Steve Martin, 2017-06-21 Successfully moving an organization forward is a complex task Historically professional organizations like the Project Management Institute have done a fine job of providing best practices and technical tools to support project managers in the field These tools will continue to be critical in the future The opportunity now is to add to that body of knowledge by addressing more completely the human experience In reviewing the literature practitioners and academics alike have noted that committed teams play an important role in creating exceptional project outcomes What has been missing is the connection between what is known about employee engagement and commitment from a general management perspective and a practical method to integrate that knowledge with project management tools This book will provide a comprehensive map for project managers to learn about the human experience during a project It will present specific practices for generating commitment that can be easily incorporated by project managers The Co create Model presents a conceptual understanding and a method not currently found in the literature
