Summary

Teamcenter® software's reporting and analytics solution provides easy-to-use tools that enterprises can integrate into their PLM environment to gain unprecedented visibility into their business processes and Teamcenter-managed data. With the reporting and analytics solution, enterprises can establish an information infrastructure that allows them to quickly generate reports and analyses in a wide variety of formats from graphical dashboard displays to easily accessible HTML formats that can be delivered by email, generated as PDFs or exported to Excel spreadsheets.

Benefits

Provides a common set of reporting and analytic capabilities that you can leverage across Teamcenter and other enterprise applications to ensure consistent, accurate and timely decision support.

Facilitates a total information infrastructure that allows enabled users to view, analyze and report on Teamcenter-managed product and process data.

Simplifies user interaction within this infrastructure by enabling users to issue business queries in a language consistent with Teamcenter's information conventions.

Enables enabled users to collate data from multiple Teamcenter applications and present them for analysis in a single web-browser window.

Unifies your customized Teamcenter object model and security model "as is" – thereby reducing your implementation procedures.

Allows new partners and suppliers to rapidly access and leverage your product and process data.

Enables your enterprise to respond quickly to changing business conditions as new product knowledge can be easily added, deleted or modified from your information infrastructure.

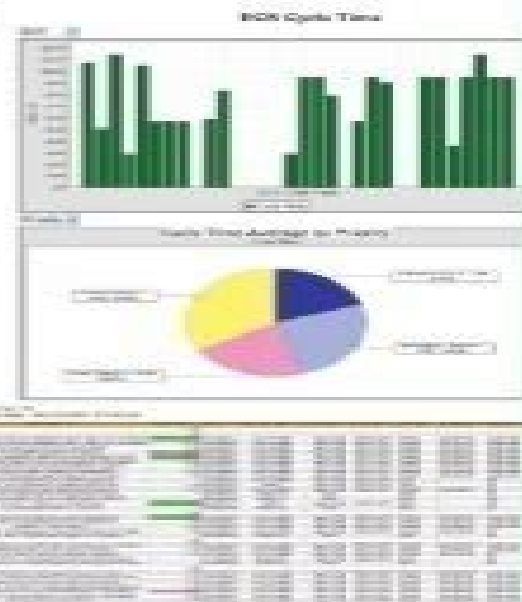

Substantially leveraging Teamcenter investments

Teamcenter's reporting and analytics solution enables enterprises to transform Teamcenter-managed data into actionable knowledge by using simple tools to extract, analyze and report on product and process information. In turn, this knowledge can be used to address numerous business questions.

How production is your current proposed process? How many documents were delivered on time or were late? What is the change rate of change incorporation? What products have the most reported problems? How are your parts performing? What are the most common failure modes? How do project A and project B compare in terms of their release volumes? What is the current status of supplier performance on project XYZ?

Tightly integrated with Teamcenter and its applications, the reporting and analytics solution fully leverages the entire data object, business and security models of the underlying Teamcenter PLM system, allowing any one to apply reporting and analytic tools to their unique installation.

Teamcenter maximizes an enterprise's ability to work with virtually all kinds of product and process information, including data captured from other enterprise application systems and all relational and legacy data sources. You can use Teamcenter to tie multiple data sources into an enterprise information integration (EII) solution that honors the organization's application security and business conventions.

Teamcenter Reporting And Analytics User Manual: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the fascinating narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Teamcenter Reporting And Analytics User Manual : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Pappen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and thrilling novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
