Hermione Granger Saves the World Christopher E. Bell, 2014-01-02 The new essays in this book make two central claims First for some people the word feminist has been either poorly defined or even demonized Hermione Granger of the Harry Potter series serves as an outstanding example of what modern young feminism looks like activist powerful and full of agency yet feminine romantic and stylish a new kind of feminism for a new kind of girl The second claim the essays make is that our young emergent feminist Hermione Granger is a pivotal character upon whom the entire series rests not Harry Potter himself or at least not Harry Potter solely It is Hermione who solves every difficult puzzle performs every difficult spell and to whom her two male companions look for guidance and advice On several occasions throughout the series Hermione literally saves the world through her actions This is an outstanding model for young women and for young men as well who are confused about how feminism manifests and operates in 2012 The Librarian and Book World ,1952 *The literary gazette* ,1861
