

For Exercises 49–52, find the missing part for each chip problem. Write a number sentence for each problem.

	Start With	Rule	End With	Number Sentence
49.		Add 5 		
50.		Subtract 3 		
51.				
52.		Subtract 3 		

In the chip board model, the black circles (“Bs”) stand for a black chip with a value of positive 1, and the red circles (“Rs”) stand for a red chip with value negative 1. So, 1B + 1R = 0, 3B + 3R = 0 etc.

49. Start with +3 and add -5. We can think of each pair of “B + R” as $1 + (-1) = 0$. Since there are 2 more red chips we end with two red chips for a value of -2: $+3 + -5 = -2$.

50. Start with $-1 + 2$ and subtract (-3) . Since there are not enough reds to subtract three reds, we could alter the original representation from $-1 + 2$ to, for example, $-3 + 4$ by adding two more red chips and two more black chips. Notice that this change does not actually change the value of the board, but it does allow us to take away three reds (subtract -3). So now we have three red chips and 4 black chips, and when we take away three red chips, the end result is four black chips for a value of +4: $-1 + 2 - (-3) = 4$.

Notice that after the “3R” has been subtracted, the net result is the addition of 3B to the board. This helps explain why subtracting -3 is the same as adding +3.

51. Start with -5 and “do something” so that we end with -2. This could be -5 add 3, or “add three blacks chips.” Or students might think of this as $-5 - (-3)$, which would be “take away three reds.” The number sentence would be: $-5 - (-3) = -2$ or $-5 + 3 = -2$.

Notice that again, we see that adding +3 gives the same result as subtracting -3.

52. There are several possible answers, but here’s the general idea: We are starting with some unknown value, then subtracting positive 3 (taking away three black chips) to end with -4. We must have started with $-4 + 3 = -1$ or some combination of chips that makes a value of -1 (such as one red chip, two black chips and 3 reds, four reds and three blacks, and so on). A possible number sentence would be: $-1 - 3 = -4$.

Say It With Symbols Math Ace Answers:

Say it with Symbols, 2002 **Everything You Need to Ace Math in One Big Fat Notebook** Workman

Publishing, 2018-02-06 It's the revolutionary math study guide just for middle school students from the brains behind Brain Quest. Everything You Need to Ace Math covers everything to get a student over any math hump: fractions, decimals, and how to multiply and divide them; ratios, proportions, and percentages; geometry, statistics, and probability; expressions and equations; and the coordinate plane and functions. The BIG FAT NOTEBOOK series is built on a simple and irresistible conceit: borrowing the notes from the smartest kid in class. There are five books in all, and each is the only book you need for each main subject taught in middle school: Math, Science, American History, English Language Arts, and World History. Inside the reader will find every subject's key concepts easily digested and summarized; Critical ideas highlighted in neon colors; Definitions explained; Doodles that illuminate tricky concepts in marker; Mnemonics for memorable shortcuts; And quizzes to recap it all. The BIG FAT NOTEBOOKS meet Common Core State Standards, Next Generation Science Standards, and state history standards, and are vetted by National and State Teacher of the Year Award-winning teachers. They make learning fun and are the perfect next step for every kid who grew up on Brain Quest. **How to Ace the SAT Without Losing Your Cool** Michele

Lobosco, Ph. D. Jacqueline J. Lobosco, 2007-04-27 How to Ace the SAT Without Losing Your Cool is a SAT instructional manual designed to help students maximize their SAT performance. This book introduces the Enlightened SAT Warrior Program, an innovative and effective test preparation approach that provides students with a strategic game plan to master the SAT and help them achieve the SAT score they deserve. How to Ace the SAT Without Losing Your Cool picks up where the traditional SAT workbook leaves off. In addition to a thorough review of all the necessary academic concepts, students are guided to develop a better understanding of their own abilities, learning preferences, and skill sets, and to effectively apply this knowledge to their preparation process to maximize the results of their efforts. With our unique approach, studying becomes more effective, and confidence increases. **The One Year Be-Tween You and God** Sandra Byrd, 2012-10-01 A unique

diary style devotional for girls. 365 daily devotional readings. Diary style with guided questions. Topics relevant to tween girls. Biblically based insights. Great gift for tween girls. This One Year book is a diary style devotional for tween girls 9 to 14 that emphasizes their growing special relationship with God. Bestselling teen and tween author Sandra Byrd tackles 365 girls' pressing questions with scripturally based answers designed just for today's girl. Each devotion begins with a statement, thought, or question to God. Every girl is likely to make these statements and ask such questions, many of which they may not want to share with other people. The book emphasizes that tween girls can have a relationship with God and that they can share their intimate thoughts, fears, insecurities, and joys with Him.
