

Chapter Study Guides

This section contains reproducible study guides for each chapter of *History Alive! The Medieval World and Beyond*. A study guide lists the content standards covered by the chapter, key terms, essential questions, and a timeline exercise. Use these study guides to introduce the standards related to each chapter and to check that students have mastered those standards.

Using the Study Guides in Your Classroom

1. *Reproduce and distribute the study guide.* Give students the appropriate study guide at the beginning of a lesson. Ask them to keep the study guide in their Interactive Student Notebook for reference throughout the lesson. Encourage students to review their study guide frequently and to add notes as they learn new information.
2. *Preview the standards that will be covered.* Ask students to read the standards and find the corresponding topics on their Student Guide to the California Standards. Explain that in order to master the standards for this chapter, students will have to know the key terms listed and be prepared to answer the essential questions. They will also need to be able to place several key events on a timeline.
3. *Preview the key terms.* Before beginning a lesson, introduce new terms by having students find each one in their textbook. As students work through the lesson activity and the reading, awareness of these terms will help them focus on important content. At the end of a lesson, working with the terms as indicated on the study guide offers further review of that content.
4. *Introduce the essential questions.* Post the essential questions in your classroom for reference. At the end of class each day, ask students to reflect on what they have learned that will help them to answer the essential questions. Tell students to record notes that will prepare them to answer the questions. When an Online Resource is suggested for additional information, be sure that students have the opportunity to visit www.historyalive.com.
5. *Use the study guides to help students review for the chapter test.* Ask students to complete their notes for the essential questions and to create the timeline. For further review, students might play a quiz game using the key terms. Students might use their completed timelines to label a more extensive timeline on the classroom wall that includes events they have studied throughout the year.
6. *Use the study guides for midyear and year-end reviews.* When students keep their study guides for each chapter, the collected packet offers a useful summary and review of key terms and concepts before the benchmark exams.
