Year Book American Association of Teachers Colleges, 1932 God Is My Adventure - A Book on Modern Mystics, Masters, and Teachers Rom Landau, 2011-03-23 Since I was a boy I have always been attracted by those regions of truth that the official religions and sciences are shy of exploring The men who claim to have penetrated them have always had for me the same fascination that famous artists explorers or statesmen have for others and such men are the subject of this book Some of them come from the East some from Europe and America some give us a glimpse of truth by the mere flicker of an eyelid while others speak of heaven and hell with the precision of mathematicians I have met them all and some I have watched in their daily lives For years now I have sought their company questioned them and watched them closely at work I have tried to dissociate the personality from the teaching and then to reconcile the two I have included some of those whom now I cannot view without mistrust Since thousands of other people believe in them they are at any rate most interesting figures in contemporary spiritual life however little of ultimate value their teaching may possess There are people who know the heroes of this book more intimately than I but my aim has never been to identify myself with any one teacher On the contrary I have always been anxious to discover for myself through what powers they have influenced so many people This attitude will warn the reader not to expect an impersonal survey of contemporary spiritual doctrines I have limited myself to writing of those men with whom I have been in personal contact I approach them not as the scholar but as the ordinary man who tries to find God in daily life The Reading Teacher's Book of Lists Jacqueline E.
