Teaching With Authority A Theology Of The:

Teaching with Authority Richard R. Gaillardetz, 1997 This book faithfully represents the teaching of Roman Catholicism on the Church's doctrinal authority while pointing to areas where there remains a gap between an ecclesiological vision of the Church informed by Vatican II and the popular understanding and concrete exercise of that authority in the life of the Church today

Magisterium Francis A. Sullivan SJ, 2002-09-30 A striking series of events of the past two decades have tended to raise questions about the exercise of teaching authority in the Catholic Church The Second Vatican Council the Encyclical *Humanae Vitae* the controversy over Hans Kung's book on infallibility and the subsequent declaration of Rome that he could no longer teach as a Catholic theologian the colloquium to which Edward Schillebeeckx was summoned by the Vatican the pastoral letter of the American bishops on the question of nuclear warfare have all stimulated a lively discussion of the claims of the Catholic hierarchy to authoritative magisterium With all the abundance of literature on the subject a book was still needed that would offer an up to date systematic presentation of Catholic thinking about the nature and function of this magisterium This is what the present volume sets out to provide It takes as its point of departure the belief which a great many Christians besides Catholics share namely that the Church of Christ is maintained in the truth of the Gospel by the Holy Spirit It then examines the various ministries by which the Gospel has been handed on and interpreted for each generation of believers looking especially to the role of the bishops and among them of the Bishop of Rome in settling disputes about the faith Questions concerning papal infallibility the response called for by papal encyclicals the critical role of Catholic theologians vis a vis the magisterium are treated in the light of current theological literature with the non specialist reader in mind

mind **By What Authority?** Richard R. Gaillardetz, 2017-06-07 Authority is exercised in many ways and forms in the Catholic Church today By What Authority offers a helpful introduction to the forms of Church authority that are concerned with authentic Christian belief Gaillardetz G l r d explains what it means to say that the Bible is inspired how Scripture and tradition are related to one another the role of the Pope and bishops in preserving the Christian faith the levels of Church teaching authority how to deal with disagreements with Church teaching the distinctive role of the theologians and the contribution of all the baptized in the formation of Church teaching This book introduces readers to a basic understanding of the nature and exercise of authority in the Catholic Church as understood within the Vision of the Church offered by the Second Vatican Council The chapters conclude by outlining disputed issues regarding the topic of that chapter and a select list of opportunities for further reading Chapters in Part One The Authority of Scripture and Tradition are What Does It Mean to Say the Bible is Inspired What Is the Canon of the Bible and What Is the Relationship Between Scripture and Tradition Chapters in Part Two The Authority of Church Teaching and the Church's Teaching Office are How Do We Understand the Magisterium Today How Do the Pope and Bishops Exercise Their Teaching Authority and What Is Dogma and Doctrine Chapters in Part Three The Authority of the Believer and the Believing Community are What Is the Sense of the Faithful Is There a Place for Disagreement in the Catholic Church and What Is the Proper Relationship Between the Magisterium and Theologians **By What Authority?** Richard R. Gaillardetz, 2018-01-12 Few topics are as important and as controversial as the proper role and exercise of authority in the Roman Catholic Church Inspired by Pope Francis's bold rereading and determined implementation of the teaching of Vatican II Richard Gaillardetz has completely revised and expanded his book By What Authority It offers a helpful introduction to the nature and forms of church authority and their relationship to authentic Christian belief and discipleship Gaillardetz offers theologically clear and pastorally insightful considerations of the character of divine revelation the authority of Scripture and tradition the role of the pope and bishops in preserving the Christian faith the levels of church teaching authority the central faith witness of all the baptized the possibility of disagreements with church teaching and the proper relationship between theologians the magisterium and the whole people of God the authority of the believing community and the controversial questions regarding the possibility of disagreeing with church teaching **The Collected Works of Edward Schillebeeckx Volume 10** Edward Schillebeeckx, 2014-09-25 This book was originally planned as the ecclesiological third part of Schillebeeckx Jesus trilogy It indeed concludes his thinking about the relevance of the living Jesus through history but with a different approach than originally intended By the end of the 20th century many believers have left the unworldly super naturalistic preconiliar church behind Those who leave the church often leave a church that claims to be the direct mediator of God's will However the church is not a flawless gift from heaven It is the vulnerable work of human beings which tries to find accurate ways to comply to the heart of the gospel message In a time that is characterized by polarization in the church Schillebeeckx does not forget to look at the

unprecedented and authentic flourishing of the gospel This book therefore contains the testimony of a theologian who tried during the course of his life to describe what God can mean for people today **The Teaching Authority of Believers** Johann Baptist Metz, Edward Schillebeeckx, 1985 Concilium has long been a household name for cutting edge critical and constructive theological thinking Past contributors include leading Catholic scholars such as Hans K ng Gregory Baum and Edward Schillebeeckx and the editors of the review belong to the international who s who in the world of contemporary theology Published five times a year each issue reflects a deep knowledge and scholarship presented in a highly readable style and each issue offers a wide variety of viewpoints from leading thinkers from all over the world **When the Magisterium Intervenes** Richard R. Gaillardetz, 2012 **Catholic Moral Theology in the United States** Charles E. Curran, 2008-04-11 In this magisterial volume Charles E Curran surveys the historical development of Catholic moral theology in the United States from its 19th century roots to the present day He begins by tracing the development of pre Vatican II moral theology that with the exception of social ethics had the limited purpose of training future confessors to know what actions are sinful and the degree of sinfulness Curran then explores and illuminates the post Vatican II era with chapters on the effect of the Council on the scope and substance of moral theology the impact of Humanae vitae Pope Paul VI s encyclical condemning artificial contraception fundamental moral theology sexuality and marriage bioethics and social ethics Curran s perspective is unique For nearly 50 years he has been a major influence on the development of the field and has witnessed first hand the dramatic increase in the number and diversity of moral theologians in the academy and the Church No one is more qualified to write this first and only comprehensive history of Catholic moral theology in the United States *By what Authority?* Richard R. Gaillardetz, 2018 Few topics are as important or as controversial as the proper role and exercise of authority in the Roman Catholic Church Inspired by Pope Francis s bold rereading and determined implementation of the teaching of Vatican II Richard Gaillardetz has completely revised and expanded his book *By What Authority* It offers a helpful introduction to the nature and forms of church authority and their relationship to authentic Christian belief and discipleship Gaillardetz offers theologically clear and pastorally insightful considerations of the character of divine revelation the authority of Scripture and tradition the role of the pope and bishops in preserving the Christian faith the levels of church teaching authority the central faith witness of all the baptized the possibility of disagreements with church teaching and the proper relationship between theologians the magisterium and the whole people of God the authority of the believing community and the controversial questions that arise when there are conflicting interpretations of church teaching **Encyclopedia of Christian Education** George Thomas Kurian, Mark A. Lamport, 2015-05-07 Christianity regards teaching as one of the most foundational and critically sustaining ministries of the Church As a result Christian education remains one of the largest and oldest continuously functioning educational systems in the world comprising both formal day schools and higher education institutions as well as informal church study groups and parachurch ministries in

The Crisis of Authority in Catholic Modernity Michael J. Lacey, Francis Oakley, 2011-04-06 It is fairly clear that while Rome continues to teach as if its authority were unchanged from the days before Vatican II 1962-65 the majority of Catholics within the first world church at least take a far more independent line and increasingly understand themselves rather than the church as the final arbiter of decision making especially on ethical questions This collection of essays explores the historical background and present ecclesial situation explaining the dramatic shift in attitude on the part of contemporary Catholics in the U S and Europe

Readings in Church Authority Richard Gaillardetz, Kenneth Wilson, 2017-03-02 The issues of Authority and Governance in the Roman Catholic Church permeate each and every aspect of the Church s identity teaching influence organisation moral values and pastoral provision They have left their mark in turn upon its diverse theological and philosophical traditions The trends of postmodernity advances in communication the advent of new ecclesial movements and theologies and a perceived policy towards increasing institutional centralisation on the part of the Curial authorities of the Church in Rome have all facilitated a continuous and lively stream of dialogue and disagreement on authority and governance in relation to the place of the Church in our age and the new Millennium This comprehensive Reader uniquely gathers together in one volume key writings and documents from the wealth of published literature that has emerged on the issues of authority and governance in the Roman Catholic Church With guided introductions to each section and to each reading and end of chapter further reading lists this Reader offers a balanced range of perspectives themes international writings ecumenical dimensions and formal church documents and Papal pronouncements on core areas of contemporary study and debate Focusing on the modern post modern period in the Roman Catholic Church but grounded in the historical contexts Readings in Church Authority presents an accessible source book and introduction for all those exploring current debates and studying central

themes in church authority **Church Teaching Authority** John P. Boyle, 1995 Boyle presents here the first book length study that traces the historical and theological developments that produced official statements by the church about its own teaching authority and the assent owed to it especially in the nineteenth and twentieth centuries *God Encountered: Understanding the Christian faith* Frans Jozef van Beeck, 1997 *God Encountered A Contemporary Catholic Systematic Theology Volume One* The Authority of Holy Scripture Charles Augustus Briggs, 1891 **The Development of Moral Theology** Charles E. Curran, 2013-11-08 Charles Curran in his newest book *The Development of Moral Theology Five Strands* brings a unique historical and critical analysis to the five strands that differentiate Catholic moral theology from other approaches to Christian ethics sin and the manuals of moral theology the teaching of Thomas Aquinas and later Thomists natural law the role of authoritative church teaching in moral areas and Vatican II Significant changes have occurred over the course of these historical developments In addition pluralism and diversity exist even today as illustrated for example in the theory of natural law proposed by Cardinal Ratzinger In light of these realities Curran proposes his understanding of how the strands should influence moral theology today A concluding chapter highlights the need for a truly theological approach and calls for a significant change in the way that the papal teaching office functions today and its understanding of natural law In a work useful to anyone who studies Catholic moral theology *The Development of Moral Theology* underscores in the light of the historical development of these strands the importance of a truly theological and critical approach to moral theology that has significant ramifications for the life of the Catholic church Walking with Faith Walter J. Woods, 2010-02-01 *Walking with Faith* addresses a long standing need to develop the faith related dimensions of Christian moral life and explore their implications It responds to Vatican II's exhortation that theological studies be renewed through a lively contact with the mystery of Christ and the history of salvation Accordingly this book examines the relationship between faith and moral life in the Scriptures and acknowledges the normative quality of the biblical texts It reviews the long experience of the Church paying special attention to history worship and intellectual currents These dimensions of Christian life show the relationship between faith and moral life at any given time and allow the actions of one generation to have effects that extend far into the future *Walking with Faith* promotes an understanding of contemporary pastoral and theological issues and encourages a deep and informed approach to Christian life **The Common Things** Daniel McInerney, 1999 Concerned with the trendy technocratic and at times sophisticated character of contemporary education at all levels both public and private the authors of this collection seek to reinvigorate a Thomistic approach to education appropriate to the problems of our day With its main inspiration taken from the work of Jacques Maritain especially his 1943 *Education at the Crossroads* the volume presents a trenchant critique of the privacies of contemporary education with its emphasis upon the conventional and useful At the same time the essays present the outlines of the proper alternative an education which helps students draw out from themselves the desire for truths which transcend the contingencies of culture

and utility Such an education seeks to guide students to the common things available to all human beings The essays uphold an account of man's intellectual and affective capacities which understands these capacities as naturally ordered to truth The essays approach the task in different but complementary ways in critiques of contemporary theories of education in speculative accounts of knowledge and learning in applications of theory to specific institutional settings and in discussions of the political contexts governing modern education In this rich variety of ways the essays in *The Common Things* not only point the way back to the crossroads Maritain spoke of fifty years ago they go on to indicate something of the landscape along the road not taken by contemporary education

ABOUT THE EDITOR Daniel McInerney is assistant professor of philosophy at the University of St Thomas Center for Thomistic Studies in Houston Texas

THE CONTRIBUTORS In addition to the editor the contributors to the volume are Benedict M Ashley O P Romanus Cessario O P Charles Dechert Donald DeMarco Curtis L Hancock Gregory J Kerr Joseph W Koterski S J Robert Lauder Herbert I London Robert J McLaughlin Daniel McInerney John M Palms Jerome Meric Pessagno Ernest S Pierucci Alice Ramos Mario Ramos Reyes Walter Raubicheck Peter A Redpath Gregory M Reichberg James V Schall S J Francis Slade Michael W Strasser and Henk E S Woldring

PRAISE FOR THE BOOK These essays are a considerable addition to Thomistic thought about education

Review of *Metaphysics: Law and Religion* Stephen M. Feldman, 2000-09 Few issues arouse as much passionate debate as the relationship between church and state Political parties and coalitions have long jockeyed for position in the battle to either keep the two separate or to unify them in one nation indivisible from God While the battle has been raging in the political arena figures from academia the media and myriad other vantage points have commented on the context and constitutionality of laws governing religious expression In *Law and Religion* Stephen M Feldman brings together the many perspectives that have shaped policy on this important national issue In giving voice to the political left and right as well as to cultural philosophical sociological and historical perspectives the book serves as an even handed treatment of an issue all too often clouded by biases Contributors ranging from Stanley Fish to Richard John Neuhaus explore issues extending from religious morality and religious freedom to fundamentalism the separation of church and state religion and public schooling and liberal political theory Comprehensive in scope *Law and Religion* will stand as an important reference for anyone seeking to further understand this complex and highly emotional topic
