Teaching And Researching Reading:

Teaching and Researching Reading William Grabe, Fredricka L. Stoller, 2002 Written for language professionals who have a special interest in reading this volume helps teachers understand the complex nature of reading and provides basic research inquiry to their expertise as teachers

Teaching and Researching: Reading William Peter Grabe, Fredricka L. Stoller, 2013-11-26 Teaching and Researching Reading was first written to help language professionals understand the complex nature of reading Now in a thoroughly updated and improved second edition the book expands connections from research on reading to instructional practices and teacher initiated action research Offering an updated overview of reading theory it summarises key ideas and issues in first and second language contexts In addition to providing insightful research analyses Grabe and Stoller offer practical advice for practitioners and researchers including evidence based teaching ideas and a multi step iterative process for conducting meaningful action research on reading related topics The volume outlines 29 projects for teacher adaptation and use as well as numerous new or substantially expanded resource materials that can be used for both action research and classroom instruction Learning aids featured throughout the volume include key concept boxes and a glossary of key terms quote boxes highlighting critical issues in the field resource lists of relevant journals books and websites Fully revised throughout with a range of new exemplary L1 and L2 research studies and an entirely new chapter on the move from research implications to instructional applications this second edition of Teaching and Researching Listening is an invaluable resource for teacher trainers practicing teachers materials writers and researchers alike

Teaching and Researching Reading William Grabe, Fredricka L. Stoller, 2019-09-24 Now in its third edition Teaching and Researching Reading charts the field of reading first and second language systematically and coherently for the benefit of language teaching practitioners students and researchers This volume provides background on how reading works and how reading differs for second language learners The volume includes reading curriculum principles evidence based teaching ideas and a multi step iterative process for conducting meaningful action research on reading related topics The volume outlines 14 projects for teacher adaptation and use as well as numerous new and substantially expanded resource materials that can be used for both action research and classroom instruction

Researching and Teaching Reading Gabrielle Cliff Hodges, 2015-08-20 Many agree that engaging in research is what makes a teacher's professional development sustainable and Researching and Teaching Reading studies the ways in which research and teaching are entwined both within and beyond the classroom Gabrielle Cliff Hodges encourages readers to deepen their understanding of reading through high quality teaching and research activities designed to engage young learners and generate rich research data in the expectation that teachers will wish to adapt or develop them further within their own contexts The author explores how teachers research and critical

reading can further develop their understanding of their students reading practices and argues that innovative approaches to teaching integrated with research enable English teachers to re construct ideas and change how reading is taught Key issues considered in this book include Studying reading in terms of extending young people s ability to interpret and enjoy texts The idea of reading as a social practice The concept of culture in relation to reading Why historical and spatial theoretical perspectives matter when researching and teaching reading This book is a valuable resource for any student teachers or practising English teachers wishing to learn more about the connection between researching and teaching reading how to combine them in the classroom and the positive effect bringing the two together can have on their own professional development
