Encyclopedia of Political Economy Phillip O'Hara, 1999-02-04 Content Description Includes bibliographical references and index

The Wisdom and Will of God Riaan Engelbrecht, 2023-02-21 If we wish to walk in God's victory blessing love hope and glory we need to walk in His Wisdom and in His Will Regarding His Will there is no greater testimony of our desire to follow Him as His children than by the prayer of asking the Lord that His will be done and not ours And that will in the Greek language speaks of desire purpose and intent Therefore Jesus instructs us to pray that the will of the heavenly Father that same Sovereign Lord of Isaiah 61 be done and we are to seek pursue and desire that God's purpose desire intent and desire for us all in this world be done and not our own Regarding His Wisdom we live in a time where man's wisdom prevails to such an extent that the world has now determined what is good what is real and what truth is Where the truth and wisdom of man prevail at the expense of God's wisdom then corruption of mind and spirit follows We live in a time where often people have turned what was once evil into good This is why it says in the Scriptures to seek wisdom for it begins with the fear of the Lord for wisdom is to know what is good and what is evil and to know good from evil And once we know what is right and wrong we need to follow such a path That is wisdom The wisdom to know the way the will the path and the truth of God

Making a Moral Society Richard M Reitan, 2009-11-03 This innovative study of ethics in Meiji Japan 1868 1912 explores the intense struggle to define a common morality for the emerging nation state In the Social Darwinist atmosphere of the time the Japanese state sought to quell uprisings and overcome social disruptions so as to produce national unity and defend its sovereignty against Western encroachment Morality became a crucial means to attain these aims Moral prescriptions for re ordering the population came from all segments of society including Buddhist Christian and Confucian apologists literary figures and artists advocates of natural rights anarchists and women defending nontraditional gender roles Each envisioned a unity grounded in its own moral perspective It was in this tumultuous atmosphere that the academic discipline of ethics rinrigaku emerged not as a value neutral objective form of inquiry as its practitioners claimed but a state sponsored program with its own agenda After examining the broad moral space of civilization Richard Reitan turns to the dominant moral theories of early Meiji and the underlying epistemology that shaped and authorized them He considers the fluidity of moral subjectivity the constantly shifting nature of norms to which we are subject and how we apprehend resist or practice them by juxtaposing rinrigaku texts with moral writings by religious apologists By the beginning of the 1890s moral philosophers in Japan were moving away from the empiricism and utilitarianism of the prior decade and beginning to place spirit at the center of ethical inquiry This shift is explored through the works of two thinkers Inoue Tetsujirō 1856 1944 and Nakashima Rikizō 1858 1918 the first chair of ethics at Tokyo Imperial University Finally Reitan takes a detailed look at the national morality movement kokumin dotoku and its close

association with the state before concluding with an outline of some conceptual linkages between the Meiji and later periods
With its highly original thesis clear and sound methodology and fluid prose *Making a Moral Society* will be welcomed by
scholars and students of both Japanese intellectual history and ethics in general
