## **World Light Halldor Laxness:**

**World Light** Halldor Laxness, 2007-12-18 A magnificently humane novel from the acclaimed Icelandic Nobel Prize winner as an unloved foster child on a farm in rural Iceland Olaf Karason has only one consolation the belief that one day he will be a great poet The indifference and contempt of most of the people around him only reinforces his sense of destiny for in Iceland poets are as likely to be scorned as they are to be revered Over the ensuing years Olaf comes to lead the paradigmatic poet's life of poverty loneliness ruinous love affairs and sexual scandal But he will never attain anything like greatness As imagined by Nobel Prize winner Halldor Laxness in this extraordinary novel what might be cruel farce achieves pathos and genuine exaltation For as Olaf's ambition drives him onward and into the orbits of an unstable spiritualist a shady entrepreneur and several susceptible women *World Light* demonstrates how the creative spirit can survive in even the most crushing environment and even the most unpromising human vessel *World Light* Halldor Laxness Halldor Kiljan Laxness, 1969 *World Light* Halldor Kiljan Laxness, 1969 *Halldór Laxness* Peter Hallberg, 1971 Study of Iceland's Nobel prize winning novelist and his works *The Parallax View* Slavoj Žižek, 2009-02-13 In i ek's long awaited magnum opus he theorizes the parallax gap in the ontological the scientific and the political and rehabilitates dialectical materialism *The Parallax View* is Slavoj i ek's most substantial theoretical work to appear in many years i ek himself describes it as his magnum opus Parallax can be defined as the apparent displacement of an object caused by a change in observational position i ek is interested in the parallax gap separating two points between which no synthesis or mediation is possible linked by an impossible short circuit of levels that can never meet From this consideration of parallax i ek begins a rehabilitation of dialectical materialism Modes of parallax can be seen in different domains of today's theory from the wave particle duality in quantum physics to the parallax of the unconscious in Freudian psychoanalysis between interpretations of the formation of the unconscious and theories of drives In *The Parallax View* i ek with his usual astonishing erudition focuses on three main modes of parallax the ontological difference the ultimate parallax that conditions our very access to reality the scientific parallax the irreducible gap between the phenomenal experience of reality and its scientific explanation which reaches its apogee in today's brain sciences according to which nobody is home in the skull just stacks of brain meat a condition i ek calls the unbearable lightness of being no one and the political parallax the social antagonism that allows for no common ground Between his discussions of these three modes i ek offers interludes that deal with more specific topics including an ethical act in a novel by Henry James and anti anti-Semitism *The Parallax View* not only expands i ek's Lacanian Hegelian approach to new domains notably cognitive brain sciences but also provides the systematic exposition of the conceptual framework that underlies his entire work Philosophical and theological analysis detailed readings of literature cinema and music coexist with lively anecdotes and obscene jokes **A History of Icelandic Literature** Daisy L. Neijmann, 2006-01-01 As complete a history as possible of the literature of Iceland **Minor Knowledge and Microhistory** Sigurdur Gylfi

Magnusson, David Olafsson, 2016-10-04 This book studies everyday writing practices among ordinary people in a poor rural society in the 19th and early 20th centuries Using the abundance of handwritten material produced disseminated and consumed some centuries after the advent of print as its research material the book's focus is on its day to day usage and on minor knowledge i e text matter originating and rooted primarily in the everyday life of the peasantry The focus is on the history of education and communication in a global perspective Rather than engaging in comparing different countries or regions the authors seek to view and study early modern and modern manuscript culture as a transnational or transregional practice giving agency to its ordinary participants and attention to hitherto overlooked source material Through a microhistorical lens the authors examine the strength of this aspect of popular culture and try to show it in a wider perspective as well as asking questions about the importance of this development for the continuity of the literary tradition The book is an attempt to explain the nature of the literary culture in general how new ideas were transported from one person to another from community to community and between regions essentially the role of minor knowledge in the development of modern men

Independent People Halldor Laxness, 2009-02-19 From the Nobel Prize winning Icelandic author a magnificent novel that recalls Iceland's medieval epics and classics set in the early twentieth century starring an ordinary sheep farmer and his heroic determination to achieve independence A strange story vibrant and alive There is a rare beauty in its telling Atlantic Monthly If Bjartur of Summerhouses the book's protagonist is an ordinary sheep farmer his flinty determination to free himself is genuinely heroic and at the same time terrifying and bleakly comic Having spent eighteen years in humiliating servitude Bjartur wants nothing more than to raise his flocks un beholden to any man But Bjartur's spirited daughter wants to live un beholden to him What ensues is a battle of wills that is by turns harsh and touching elemental in its emotional intensity and intimate in its homely detail Vast in scope and deeply rewarding Independent People is a masterpiece

**World Light** Halldor Kiljan Laxness, 2002-10 As imagined by Nobel Prize winner Laxness in this magnificently humane novel what might be cruel farce achieves pathos and exaltation As his hero's ambition drives him onward World Light demonstrates how the creative spirit can survive in even the most crushing environment

Under the Glacier Halldor Laxness, 2007-12-18 Nobel laureate Halldor Laxness's Under the Glacier is a one of a kind masterpiece a wryly provocative novel at once earthy and otherworldly At its outset the Bishop of Iceland dispatches a young emissary to investigate certain charges against the pastor at Sn fells Glacier who among other things appears to have given up burying the dead But once he arrives the emissary finds that this dereliction counts only as a mild eccentricity in a community that regards itself as the center of the world and where Creation itself is a work in progress What is the emissary to make for example of the boarded up church What about the mysterious building that has sprung up alongside it Or the fact that Pastor Primus spends most of his time shoeing horses Or that his wife Ua pronounced ooh a which is what men invariably sputter upon seeing her is rumored never to have bathed eaten or slept Piling improbability on top of improbability Under the Glacier
