allow teachers to create a positive balance between one's professional and personal lives. It is all too common to see time stressed and sleep exhausted teachers lose sight of the reasons they entered teaching eventually falling out of love with their subject and those they teach. This book will tackle head on the demands that teachers face by posing many detailed practical solutions to time management problems in a variety of different contexts. These solutions will not only come from the author's own experience preparing New York City science students for over 25 years but from researchers and veteran teachers and administrators who have published their findings and advice in leading educational journals. It is time to stop procrastinating and draw upon your inner grit to create order, routines, and systems that can be used successfully in your teaching profession.
