Twilight of the Aspects Christie Golden,2011-07-19 The Hour of Twilight She'd spoken of it at the meeting tried to warn the others of it but the warning had gotten lost a little bright fragment of something had been briskly swept away like a broken bit of pottery beneath an industrious broom It was She gnawed her lower lip thinking It was the greatest challenge the dragonflights would face but she did not know against whom they would be fighting It might come soon or aeons from now Could it have something to do with the return of Deathwing Surely it had to did it not This breaking of the world was one of the worst things that had ever happened to Azeroth How could she persuade others of the direness of the situation when she herself could not articulate it She uttered a little noise of annoyance and frustration One thing she knew for certain There were many pieces missing from this puzzle but there was one core piece that was necessary before any of the others could fall into place It was a very strange piece an unlikely one at best and she was uncertain as to how he would fit in She only knew that he had to Ysera had seen him floating in and out of her dreaming She had thought she understood his role in things but now peculiar as it seemed something some inner certainty that even she did not fully understand was leading her to think she had not seen the full breadth of his contribution to Azeroth He was not a dragon But he had the interests of the dragonflights in his heart whether he knew it or not He straddled worlds but did not seek to rule or command or destroy them He was unique She tilted her head let the wind play with her long green hair Perhaps that was why he fit in Even the Aspects were not singular beings although each had unique abilities Not one but five there had been at the beginning when the titans had come and shared their power for the good of Azeroth Four there were now but there would soon be five again when the blues determined how to choose the one who would lead them But there was only one like this being There was only one Thrall **World of Warcraft: The Shattering** Christie Golden,2010-10-19 In the New York Times bestselling tie in to the World of Warcraft game expansion Cataclysm Thrall wise shaman and the warchief of the Horde senses a disturbing change Long ago Azeroth's destructive native elementals raged across the world until the benevolent titans imprisoned them

within the Elemental Plane Despite the titans intervention many elementals have ended up back on Azeroth Over the ages shamans like Thrall have communed with these spirits and through patience and dedication learned to soothe roaring infernos bring rain to sun scorched lands and otherwise temper the elementals ruinous influence on the world of Azeroth Now Thrall has discovered that the elementals no longer heed the shaman s call While he seeks answers to what ails the confused elements he also wrestles with the orcs precarious future as his people face dwindling supplies and growing hostility with their night elf neighbors The fate of Azeroth s great races is shrouded in a fog of uncertainty and the erratic behavior of the elemental spirits troubling though it is may only be the first ominous warning sign of the cataclysm to come
